Targeted Inmate/Resident/Detainee Interviews	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	2
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p>84. Did you have access to all areas of the facility?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

Was the site review an active, inquiring process that included the following:

<p>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
88. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	No text provided.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	<input checked="" type="radio"/> Yes <input type="radio"/> No
91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	No text provided.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	1	0	1	0
Total	1	0	1	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for "convicted.") Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/Court Case Filed	Convicted/Adjudicated	Acquitted

deviations from the staffing plan.

The auditor interviewed the Regional Administrator. The Regional Administrator reported that anytime the minimum staff fail to report for whatever reason, staff on duty are "held over" until additional staff can report to the facility.

The facility documents instances of non-compliance with the staffing plan with the Secure Facility Staffing Report and includes an explanation for non-compliance. The auditor reviewed the Secure Facility Staffing Reports for verification.

115.313 (c)

PAQ: The facility asserts it is obligated by law, regulation, or judicial consent decree to maintain staffing ratios of a minimum of 1:8 during resident waking hours and 1:16 during resident sleeping hours. The facility maintains staff ratios of a minimum of 1:8 during resident waking hours. The facility maintains staff ratios of a minimum of 1:16 during resident sleeping hours.

In the past 12 months:

1. The number of times the facility deviated from the staffing ratios of 1:8 security staff during resident waking hours: 0
2. The number of times the facility deviated from the staffing ratios of 1:16 security staff during resident sleeping hours: 0

Georgia DJJ Policy 23.1 (Page 6) Each facility will maintain staff ratios of a minimum of 1:8 during resident wake hours and 1:16 during sleep hours. Only agency approved POST certified staff members or staff members with additional PREA training can be counted in the supervision ratio. The facility will document this information daily in the Secure Facility Staffing Report System (SFS) located on DJJ website. Only the reason(s) for ratio non-compliance should be entered in the comment section.

The auditor interviewed the Regional Administrator. The Regional Administrator reported the facility is obligated by DJJ and PREA Standards to maintain ratios of staff-to-youth ratios of 1:8 during resident wake hours and 1:16 during sleep hours. He stated staffing levels are currently based on post and minimum staffing levels for each shift.

PREA Site Review: During the onsite tour of the facility the auditor observed the living units were compliant with required daytime staffing ratios.

115.313 (d)

PAQ: The facility asserts least once every year the agency or facility, in collaboration with the PREA Coordinator, reviews the staffing plan to see whether adjustments are needed to:

1. The staffing plan;
2. Prevailing staffing patterns;
3. The deployment of monitoring technology; or
4. The allocation of agency or facility resources to commit to the staffing plan to ensure compliance with the staffing plan.

The facility is required to review, make adjustments to, and complete the Facility Annual Staffing Report. The report is submitted with the required signatures to the Agency PREA Coordinator annually. The Facility Annual Staffing Report considers the following:

1. Generally accepted juvenile secure residential practices;
2. Any judicial findings of inadequacy;
3. Any findings of inadequacy from Federal investigative agencies;
4. Any findings of inadequacy from internal or external oversight bodies;
5. All components of the facility's plant (including "blind spots" or areas where staff or residents may be isolated);
6. The composition of the resident population, if changes have occurred;
7. The number and placement of supervisory staff;
8. Programs/activities occurring on a particular shift;
9. Any applicable State or local laws, regulations, or standards;
10. The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and
11. Prevailing staffing patterns;

The auditor interviewed the PREA Coordinator. The PREA Coordinator reported being consulted regarding any assessments of, or adjustments to, the staffing plan for the facility. The assessment occurs annually and is documented through the Facility Annual Staffing Report.

The auditor reviewed the 2021 Facility Annual Staffing Report for verification. The staffing plan review is inclusive of the standard provision requirements.

115.313 (e)

PAQ: The facility asserts it requires that intermediate-level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. The facility documents unannounced rounds. The unannounced rounds cover all shifts. The facility prohibits staff from alerting other staff of the conduct of such rounds.

Georgia DJJ Policy 23.1 (Page 6) The facility will require an Administrative Duty Officer to conduct unannounced rounds to

identify and deter staff sexual abuse and sexual harassment. The unannounced rounds will cover all shifts and all areas of the facility. At least two unannounced rounds must be conducted after 12:30 am and no later than 4:30 am per month. Staff is prohibited from alerting other staff of such rounds. Unannounced rounds cannot be conducted by a staff member during his/her assigned shift. All such rounds must be documented using Attachment B, Unannounced PREA Rounds, and maintained in a binder for PREA audits. The unannounced PREA rounds logbook or documentation must be maintained in the main control room at all times for audits and PREA investigators review.

The Lieutenant reported she conduct documented, unannounced, supervisory rounds. Staff are not alerted when they are occurring.

The auditor reviewed Unannounced PREA Rounds. Unannounced rounds did not cover first shift. This standard provision requirement was addressed through corrective action. The agency provided instructional training to staff, on the requirement to conduct unannounced rounds on the day shift. The facility provided 30 days of documented unannounced rounds, demonstrating the practice has become institutionalized (April 29, 2022).

Conclusion and Corrective Action:

Based upon review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding supervision and monitoring. Corrective action is complete.

115.313 (e)

Unannounced rounds are required for first shift in all areas of the facility. DJJ policy requires all such rounds must be documented using Attachment B, Unannounced PREA Rounds. This standard provision requirement was addressed through corrective action. The agency provided instructional training to staff, on the requirement to conduct unannounced rounds on the day shift. The facility provided 30 days of documented unannounced rounds, demonstrating the practice has become institutionalized (April 29, 2022).

PAQ: The facility asserts it has implemented policies and procedures that enable residents to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies and procedures require staff of the opposite gender to announce their presence when entering a resident housing unit or area where residents are likely to be showering, performing bodily functions, or changing clothing.

Georgia DJJ Policy 23.1 (Page 7) With the exception of medical examinations or urine drug screens, staff will not view youth showering, performing bodily functions, or changing clothing except when such viewing is incidental to routine cell checks. Each facility will install "PREA friendly" shower curtains on all shower stalls that provide a view of the youth's upper body (shoulder and head) and lower body (knees to feet) while the middle of the curtain prevents viewing of the youth's mid-sections. The facility shower Local Operating Procedure (LOP) or Post Order must include a detail backup process for same gender showering supervision.

Georgia DJJ Policy 23.1 (Page 7) Staff members of the opposite gender are required to announce their presence when entering a youth housing unit.

Resident interviews revealed staff of the opposite gender do announce their presence when entering the housing units. Residents stated they are never naked in full view of staff of the opposite gender. Showers are conducted by staff of the same gender.

Staff interviews revealed staff of the opposite gender do announce their presence when entering the housing units. Staff confirmed residents are able to dress, shower, and use the toilet without being viewed by staff of the opposite gender.

PREA Site Review: Staff conducting the tour described the shower process. Staff of the same gender monitor showers while the residents shower individually behind the privacy of a "PREA Friendly" shower curtain. The auditor observed female staff announcing their presence when entering a youth housing unit of the opposite gender.

115.315 (e)

PAQ: The facility asserts it has a policy prohibiting staff from searching or physically examining a transgender or intersex resident for the sole purpose of determining the resident's genital status. Zero such searches occurred in the past 12 months.

Georgia DJJ Policy 23.1 (Page 7) No staff will search or physically examine a transgender or intersex youth for the sole purpose of determining the youth's genital status. If the youth's genital status is unknown, it may be determined during a conversation with the youth or if necessary, by learning that information as a part of a broader medical examination conducted in private by a medical services staff.

Staff interviewed reported they are aware policy prohibits them from searching or physically examining a transgender or intersex resident for the purpose of determining the resident's genital status.

115.315 (f)

PAQ: The facility asserts the percent of all security staff who received training on conducting cross-gender pat-down searches and searches of transgender and intersex residents in a professional and respectful manner, consistent with security needs: 100%

Georgia DJJ Policy 23.1 (Page 7) DJJ staff responsible for searches will be trained in conducting cross-gender pat down search and searches of transgender and intersex residents in a professional, respectful manner, and in the least intrusive manner possible, consistent with security needs. The gender of the staff member searching a transgender or intersex resident will depend on the specific needs of the individual resident and on the operational concerns of the facility. Under most circumstances, this will be a case-by-case determination, which may change over the course of confinement and should take into consideration the gender expression of the resident. The facility will also use information from DJJ 23.3: LGBTI Attachment A: Transgender/Intersex Declaration of Preference Statement when deciding a case-by-case determination.

Staff interviewed reported they have received such training at post. The auditor requested training records for verification and a compliance determination. The facility provided 18 staff training records for 2022 demonstrating staff are receiving the required training (June 16, 2022).

Conclusion and Corrective Action:

Based upon review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding limits to cross-gender viewing and searches. Corrective action is complete.

Age-appropriate information, in both English and Spanish, is available so all residents have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The facility has a contract for interpreter services. Additionally, the State of Georgia provides automatic website translation into seven languages, courtesy of Google Translate. The languages include: Chinese (Simplified); Haitian Creole; Korean; Portuguese; Russian; Spanish; and Vietnamese.

PREA posters, pamphlets and juvenile handbooks are available in English and Spanish.

115.316 (c)

PAQ: The facility asserts agency policy prohibits use of resident interpreters, resident readers, or other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties under § 115.364, or the investigation of the resident's allegations. The agency or facility documents the limited circumstances in individual cases where resident interpreters, readers, or other types of resident assistants are used.

In the past 12 months, the number of instances where resident interpreters, readers, or other types of resident assistants have been used and it was not the case that an extended delay in obtaining another interpreter could compromise the resident's safety, the performance of first-response duties under §115.364, or the investigation of the resident's allegations: 0

Georgia DJJ Policy 23.1 (Page 8) The facility will prohibit the use of youth interpreters, youth readers, or other types of youth assistance except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the youth's safety, the performance of first-responder's duties under 115.364, or the investigation of the youth's allegations. Staff did not have knowledge of resident interpreters, resident readers, or other types of resident assistants being used in relation to allegations of sexual abuse or sexual harassment.

Conclusion and Corrective Action:

Based upon review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding residents with disabilities and residents who are limited English proficient. Corrective action is complete.

115.316 (a)

The agency provided an explanation how residents with disabilities (including, for example, residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Youth with limited English proficiency will be provided an interpreter via Central Office if needed. Pamphlets are available in Spanish and English. The video is closed captioning for youth that are deaf or hearing impaired. If applicable a translator is available to translate the information to the youth. Youth with limited reading skills and or cognitive disabilities will be provided one on one assistance via verbal, interpreter, literacy etc. as needed to understand the orientation/PREA video presentation and written materials. Facility will use DJJ 13.32, Special Education Services, and its definitions of disabilities to provide age-appropriate and disability services to youth by special education instructors. Director, in consultation with the Education Principal, will ensure that education staff develop guidelines that will provide assistance to youth with disabilities to deliver PREA information.

Where possible, examinations are conducted by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs).

When SANEs or SAFEs are not available, a qualified medical practitioner performs forensic medical examinations.

During the past 12 months:

1. The number of forensic medical exams conducted: 0
2. The number of exams performed by SANEs/SAFEs: 0
3. The number of exams performed by a qualified medical practitioner: 0

Georgia DJJ Policy 23.1 (Page 11) Examinations are conducted by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) at a local hospital. When SANEs or SAFEs are not available at the local hospital, a qualified non DJJ medical practitioner will perform the forensic medical examinations. The examination will be documented by the facility. Forensic medical examinations and treatment services are offered without financial cost to the youth in accordance with DJJ 2.10, Youth Medical Expenses.

The auditor contacted the Archbold Medical Center. Emergency room staff stated the hospital does not perform forensic examinations. These examinations would be available at the Treehouse Children's Advocacy Center. The auditor contacted the Treehouse Children's Advocacy Center. The Executive Director confirmed SANE services would be available to sexual abuse victims at the facility.

115.321 (d)

PAQ: The facility asserts the facility makes a victim advocate from a rape crisis center available to the victim, in person or by other means. These efforts are documented. If and when a rape crisis center is not available to provide victim advocate services, the facility provides a qualified staff member from a community-based organization or a qualified agency staff member.

Georgia DJJ Policy 23.1 (Page 11) The facility, through the DJJ Office of Contracts, will enter into a memorandum of understanding (MOU) with local rape crisis centers or community service providers that are able to provide youth with access to outside victim advocates for emotional support services related to sexual abuse.

If and when a rape crisis center is not available to provide victim advocate services, the DJJ Office of Victim Services also provides advocacy services for resident victims and the facility has mental health staff that are qualified to serve as victim advocates.

This standard provision requirement was addressed through corrective action. The auditor requested documented efforts the facility makes a victim advocate from a rape crisis center available. The agency provided documented evidence in the form of email correspondence and a draft MOU with Children's Advocacy Centers of Georgia, to provide residents with emotional support services related to sexual abuse, with the 52 children's advocacy centers in Georgia (May 31, 2022).

The auditor contacted the Children's Advocacy Centers of Georgia CEO and confirmed services would be available to all DJJ facilities and the MOUs were in development.

Additionally, the auditor contacted the Treehouse Children's Advocacy Center. The Executive Director confirmed victim advocate services would be available to sexual abuse victims at the facility.

115.321 (e)

PAQ: The facility asserts if requested by the victim, a victim advocate, or qualified agency staff member, or qualified community-based organization staff member accompanies and supports the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals.

The auditor interviewed the PREA Compliance Manager. The PREA Compliance Manager reported a qualified victim advocate would provide emotional support, crisis intervention, information, and referrals during the forensic medical examination process and investigatory interviews.

The auditor reviewed a list of facility mental health staff with licenses. These staff include a psychologist and Social Services Provider II.

There were no residents identified, who reported a sexual abuse, present during the onsite audit.

115.321 (f)

PAQ: The facility asserts if the agency is not responsible for administrative or criminal investigating allegations of sexual abuse and relies on another agency to conduct these investigations, the agency has requested that the responsible agency follow the requirements of paragraphs §115.321 (a) through (e) of the standards.

Georgia DJJ Policy 23.1 (Page 10) The Office of Investigations is responsible for conducting administrative and criminal

sexual abuse investigations, including youth-on-youth and staff-on-youth sexual abuse in accordance with DJJ 22.3: Internal Investigations.

Conclusion and Corrective Action:

Based upon review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding evidence protocol and forensic medical examinations. Corrective action is complete.

115.321 (d) The agency provided documented evidence in the form of email correspondence and a draft MOU with Children's Advocacy Centers of Georgia, to provide residents with emotional support services related to sexual abuse, with the 52 children's advocacy centers in Georgia (May 31, 2022).

Intake is documented with the PREA Youth Acknowledgement Statement. The statement includes information about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment.

The Intake Staff reported residents are educated on the facility's zero-tolerance policy on sexual abuse and sexual harassment and how to report during intake. Written and verbal information on PREA is provided and explained to all residents during the first day of intake.

Residents interviewed confirmed they were informed of their right not to be sexually abused and sexually harassed, how to report, and their right not to be punished for reporting, during the intake process. They confirmed they received information about the facility's rules against sexual abuse and harassment through a video, pamphlets and resident handbooks.

There were no residents (with disabilities or who are limited English proficient) identified during the onsite audit.

The auditor reviewed PREA Youth Acknowledgement and Orientation Statements for residents entering the facility in the past 12 months. Of the 103 statements reviewed, all were signed the same day as admission.

The auditor requested the PREA Youth Acknowledgement and Orientation Statements for residents interviewed for verification and compliance determination. The auditor received the documents (June 16, 2022).

Site Review Observations: The auditor observed written materials were not available for residents who have intellectual disabilities; residents who have limited reading skills; or residents who are blind or have low vision. The agency indicated written materials are provided verbally to ensure effective communication with residents with disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision. The materials would be provided verbally by mental health and psychiatric staff, as well as special education teachers.

The auditor reviewed relevant education materials including the PREA video, posters, resident handbooks, pamphlets, and the "End Silence" Youth Training Booklets. This information was uploaded to the online audit system and is also available on the agency website.

115.333 (b)

PAQ: The facility asserts residents admitted during the past 12 months:

1. The number who received such education within 10 days of intake: 134
2. The percent who were given this information within 10 days of intake: 100%

Georgia DJJ Policy 23.1 (Page 14) Within 72 hours of intake, the facility will provide a comprehensive age-appropriate orientation to youth, with the staff advising youth of the right to be free from sexual abuse, sexual harassment, and retaliation for reporting such incidents. The materials will inform the youth of agency protocol for responding to such incidents. All materials used for the orientation must be authorized by the Agency PREA Coordinator. Completion of the one-hour PREA orientation must be documented in the youth's JTS file.

Orientation is documented with the Orientation Acknowledgement Statement. The statement includes information about their rights to be free from sexual abuse and sexual harassment, from retaliation for reporting such incidents, and on agency policies and procedures for responding to such incidents.

The Intake Staff reported the facility ensures that residents are educated regarding their rights to be free from sexual abuse and sexual harassment, and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents by providing the information in various educational formats and requiring the residents to sign an acknowledgment form stating they understand the information. The Intake Staff confirmed residents are made aware of these rights during intake. Residents interviewed confirmed they were informed of their right not to be sexually abused and sexually harassed, how to report, and their right not to be punished for reporting, during the intake process. Residents stated they received the information on their first day at the facility. They also confirmed they received information about the facility's rules against sexual abuse and harassment.

The auditor reviewed 103 intake records of residents entering the facility in the past 12 months. This information is documented with the Orientation Acknowledgement Statement. The auditor also reviewed relevant educational materials including the PREA video, posters, resident handbooks, pamphlets, and the "End Silence" Youth Training Booklets.

The auditor requested the Orientation Acknowledgement Statements for residents interviewed for verification and compliance determination. The auditor received the documents (June 16, 2022).

115.333 (c)

PAQ: The facility asserts all residents were educated within 10 days of intake.

Residents who are transferred from one facility to another be educated regarding their rights to be free from sexual abuse

and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents to the extent that the policies and procedures of the new facility differ from those of the previous facility.

In addition to the basic PREA education requirements, the residents participate in a six session PREA Curriculum. The curriculum goes beyond simply saying what behavior is not allowed. It is designed to empower residents to make good choices, to take specific action steps, and to address more broadly the range of abuse and victimization so many of them have experienced in their young lives. The goal is for the youth to reduce their vulnerability and to increase positive steps in self-management. DJJ has an extensive PREA education program for short and long-term residents.

The Intake Staff interviewed reported all residents are educated on the facility's zero-tolerance policy on sexual abuse and sexual harassment regardless of if they are transferred from other facilities.

The auditor reviewed PREA Youth Acknowledgement and Orientation Statements for residents entering the facility in the past 12 months. Of the 103 statements reviewed, all were signed the same day as admission.

The auditor requested the PREA Youth Acknowledgement and Orientation Statements for residents interviewed for verification and compliance determination. The auditor received the documents (June 16, 2022).

PAQ: The agency shall provide resident education in formats accessible to all residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to residents who have limited reading skills. Georgia DJJ Policy 23.1 (Page 14) Education staff will provide youth under the Individuals with Disabilities Education Improvement Act (IDEA 2004) equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment (see DJJ 13.32, Special Education Services). Accommodations will be made in accordance with DJJ 15.10, Language Assistance Services, to ensure that youth who are limited English proficient (LEP), deaf, or disabled are able to report sexual abuse to staff directly, through interpretive technology, or through non-youth interpreters.

DJJ utilizes the End Silence: Youth Speaking Up about Sexual Abuse in Custody. The series is intended for youth 10-13, 14-18, and LGBTI youth. Special education teachers are available as needed.

PREA posters, pamphlets and juvenile handbooks are available in English and Spanish.

There were no residents identified as limited English proficient during the onsite audit.

Site Review Observations: The auditor observed written materials were not available for residents who have intellectual disabilities; residents who have limited reading skills; or residents who are blind or have low vision. The agency indicated written materials are provided verbally to ensure effective communication with residents with disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision. The materials would be provided verbally by mental health and psychiatric staff, as well as special education teachers.

PAQ: The facility asserts agency maintains documentation of resident participation in PREA education sessions. Georgia DJJ Policy 23.1 (Page 14) After the intake process, youth will sign the Youth PREA Acknowledgement Statement, (Attachment H). Within 72 hours of the intake process, the youth's statement will be scanned into JTS documents and listed as PREA Acknowledgement Statement. Completion of the one hour PREA orientation must be documented in the youth's JTS file.

The auditor reviewed PREA Youth Acknowledgement Statement and Orientation Acknowledgement Statements for residents entering the facility in the past 12 months and residents interviewed for verification.

115.333 (f)

PAQ: The facility asserts the agency ensures that key information about the agency's PREA policies is continuously and readily available or visible through posters, resident handbooks, or other written formats.

Georgia DJJ Policy 23.1 (Page 14) In addition to providing orientation, the facility Director will ensure that key PREA information is continuously available or visible to youth through posters, student handbooks, or other written formats.

The auditor reviewed the resident handbook, pamphlets, and other educational materials available in English and Spanish.

During the site review the auditor observed PREA posters are placed prominently in the living units, intake, and other areas of the facility that are easily accessible by the residents. The posters include information on zero-tolerance and how to make a report. Additionally outside support services contact information has been posted as part of corrective action.

Conclusion and Corrective Action:

Based upon review and analysis of the available evidence, the auditor has determined the agency and facility is fully

compliant with this standard regarding resident education. Corrective action is complete.

115.333 (a) – (c)

The auditor reviewed PREA Youth Acknowledgement and Orientation Statements for residents entering the facility in the past 12 months. Of the 103 statements reviewed, all were signed the same day as admission.

The auditor has requested the PREA Youth Acknowledgement and Orientation Statements for residents interviewed for verification and compliance determination. The auditor received the documents (June 16, 2022).

115.333 (d)

The agency provided an explanation how residents with disabilities (including, for example, residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Youth with limited English proficiency will be provided an interpreter via Central Office if needed. Pamphlets are available in Spanish and English. The video is closed captioning for youth that are deaf or hearing impaired. If applicable a translator is available to translate the information to the youth. Youth with limited reading skills and or cognitive disabilities will be provided one on one assistance via verbal, interpreter, literacy etc. as needed to understand the orientation/PREA video presentation and written materials. Facility will use DJJ 13.32, Special Education Services, and its definitions of disabilities to provide age-appropriate and disability services to youth by special education instructors. Director, in consultation with the Education Principal, will ensure that education staff develop guidelines that will provide assistance to youth with disabilities to deliver PREA information.

The agency indicated written materials are provided verbally to ensure effective communication with residents with disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision. The materials would be provided verbally by mental health and psychiatric staff, as well as special education teachers.

The auditor interviewed the Staff Responsible for Risk Screening. The Lieutenant reported he screens residents upon admission to the facility or transfer from another facility for risk of sexual abuse victimization or sexual abusiveness toward other residents. He stated he screens residents for risk of sexual victimization or risk of sexually abusing other residents within 72 hours of their intake.

Residents interviewed confirmed when they first came to the facility, they were asked questions like whether they have ever been sexually abused, whether they have any disabilities, and whether they think they might be in danger of sexual abuse at the facility. They reported they were asked these questions at intake.

The auditor requested intake screens for the past 12 months and for residents interviewed, for verification they were completed within 72 hours of their intake and to make a compliance determination. The intake screens were provided through corrective action (June 21, 2022). Of the ten intake screens reviewed, six were completed within 72 hours of intake and four were completed after 72 hours of intake. Six additional intake screens were reviewed through corrective action. All six were completed within 72 hours of intake (June 19, 2022).

Residents' risk of sexual abuse victimization or sexual abusiveness toward other residents is reassessed every three months using the Classification and Housing Assessment form. The auditor reviewed over 50 examples of completed Classification and Housing Assessment examples for verification.

115.341 (b)

PAQ: The facility asserts the risk assessment is conducted using an objective screening instrument. The auditor reviewed the objective PREA Screening Report (PSR).

115.341 (c)

Georgia DJJ Policy 23.1 (Page 16) Youth vulnerability assessments will be conducted and documented by generating the PREA Screening Report (PSR). At a minimum, the report will attempt to ascertain information about the following:

1. Prior sexual victimization or abusiveness;
2. The Staff Responsible for Risk Screening confirmed the initial risk screening considers all aspects required by the standard.
3. Any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex (LGBTI), and whether the resident may therefore be vulnerable to sexual abuse;
4. Current charges and offense history;
5. Age;
6. Level of emotional and cognitive development;
7. Physical size and stature;
8. Mental illness or mental disabilities;
9. Intellectual or developmental disabilities;
10. Physical disabilities;
11. The youth's perception of vulnerability; and
12. Any other specific information about the individual youth that may indicate a heightened need for supervision, additional safety precautions, or separation from certain other youths.

The auditor observed the PREA Screening Report did not include questions about residents who are bi-sexual or intersex, and the form does not assess the physical build of a resident. The agency updated the PREA Screening Report to be inclusive of all required criteria (May 5, 2022). The auditor reviewed nine examples demonstrating the updated PREA Screening Report is in practice.

115.341 (d)

Georgia DJJ Policy 23.1 (Page 16) The resident's information will be ascertained through conversations with the youth during the intake process, Mental Health Screening, Medical Screening, Nurse Health Appraisal, Medical Physical Examination, education documentation, and other relevant documents from the youth's files or Juvenile Tracking System (JTS). Information from the screening and other resources will be populated into the youth PREA Screening Report (PSR).

The auditor interviewed the Staff Responsible for Risk Screening. The Lieutenant reported the information is ascertained through conversations with the youth during the intake process: mental health screening; medical screening; nurse appraisal; physical examination by medical; education documentation; and any other relevant documents.

115.341 (e)

Georgia DJJ Policy 23.1 (Page 16-17) The facility will control the dissemination of the youth's information by complying with all applicable disclosure requirements and Facility PREA Compliance Manager. The dissemination of information ensures that sensitive information is not exploited to the resident's detriment by staff or another resident.

The Facility PREA Compliance Manager will disseminate results of the PREA Screening Report (PSR) to the facility management team on a need-to-know basis. The PREA Compliance Manager will implement a system that ensures that staff members working directly with the youth are advised of the status of at-risk youth or youth posing a risk to others. The facility

treatment team members and program and supervising staff should continually review the youth's adjustment within the facility.

The auditor observed the screening reports are stored electronically. The PSR Users Guide states the PSR will only be accessible to designated PREA Compliance Managers in the respective facility. The PSR pulls information of the youth answered questions from the following three intake processes: Mental health screening, medical intake and medical health appraisal. Medical and mental health practitioners also have access to the electronically stored information.

The auditor interviewed the PREA Coordinator. The PREA Coordinator reported the agency has outlined who can have access to a resident's risk assessment within the facility, in order to protect sensitive information from exploitation. The information is considered protective HIPAA information. It is provided to the facility management team members on a need-to-know basis.

The auditor interviewed the PREA Compliance Manager. The PREA Compliance Manager reported the agency has outlined who can have access to a resident's risk assessment within the facility, in order to protect sensitive information from exploitation. This information is accessible by the PREA Compliance Manager, Facility Director, and Intake Specialist.

The auditor interviewed the Staff Responsible for Risk Screening. The Lieutenant reported the agency has outlined who can have access to a resident's risk assessment within the facility, in order to protect sensitive information from exploitation. This information is disclosed on a need-to-know basis.

Conclusion and Corrective Action:

Based upon review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding obtaining information from residents. Corrective action is complete.

115.341 (a)

Intake screens were provided through corrective action (June 21, 2022). In the past 12 months:

1. The number of residents at risk of sexual victimization who were placed in isolation: 0

3. The average period of time residents at risk of sexual victimization who were held in isolation to protect them from sexual victimization: N/A

Georgia DJJ Policy 23.1 (Page 17) Youth may be isolated from others only as a last resort, when less restrictive measures are inadequate to keep them and other youth safe, and then only until an alternative means of keeping all youth safe can be arranged. If a youth is isolated to keep himself/herself safe, the facility shall clearly document the following:

1. The basis for the facility's concern;
2. The reason(s) why no alternative means of separation can be arranged; and
3. A weekly determination of whether there is a need for continuing separation from the general population

The PREA Coordinator provided a statement that DJJ does not use isolation.

Site Review Observations: The auditor did not observe isolation being used for residents at risk of sexual victimization.

115.342 (c)

PAQ: The facility asserts it prohibits placing lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed, or other assignments solely on the basis of such identification or status. The facility prohibits considering lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.

Georgia DJJ Policy 23.1 (Page 18) LGBTI youth will not be placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor will the facility consider LGBTI identification or status as an indicator of the likelihood of being sexually abusive.

The PREA Coordinator interviewed reported gay, bisexual, transgender, or intersex residents are not placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.

The PREA Compliance Manager interviewed reported gay, bisexual, transgender, or intersex residents are not placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.

Site review Observations: The auditor observed there are no particular housing units for residents identified to be lesbian, gay, bisexual, transgender, or intersex.

No residents identified by facility staff or interviewed by the auditor, identified as being lesbian, gay, bisexual, transgender, or intersex.

115.342 (d)

PAQ: The facility asserts the agency or facility makes housing and program assignments for transgender or intersex residents in the facility on a case-by-case basis.

Georgia DJJ Policy 23.1 (Page 17) When assigning a transgender or intersex youth to a male or female facility, staff will consider on a case-by-case basis whether a placement would ensure the youth's health and safety and whether the placement would present management or security problems.

The PREA Compliance Manager interviewed reported housing and programming assignments for transgendered and intersex residents are considered on a case-by-case basis whether the placement would ensure the resident's health and safety, and whether the placement would present management or security problems.

No residents who identify as transgender or intersex were identified during the onsite phase of the audit.

Serious consideration will be given to the youth's views with respect to his or her safety.

The auditor interviewed the PREA Coordinator and the Staff Responsible for Risk Screening. They both reported placement and programming assignments are reassessed at least twice each year to review any threats to safety experienced by the

The auditor interviewed the PREA Compliance Manager. The PREA Compliance Manager reported transgender and intersex residents given the opportunity to shower separately from other residents. The youth would shower before or after the other residents or at a different time of day.

Site Review Observations: The auditor observed showers in the living units. The showers provide for privacy. Staff interviewed revealed a resident who identifies as transgender, or intersex would be able to shower separately from other residents. Showers are conducted one at a time, behind the privacy of a PREA friendly shower curtain.

PAQ: The facility asserts from a review of case files of residents at risk of sexual victimization who were held in isolation in the past 12 months, the number of case files that include BOTH:

2. The reason or reasons why alternative means of separation cannot be arranged: N/A

Georgia DJJ Policy 23.1 (Page 17) If a youth is isolated to keep himself/herself safe, the facility shall clearly document the following:

1. The basis for the facility's concern;
2. The reason(s) why no alternative means of separation can be arranged; and

The PREA Coordinator provided a statement that DJJ does not use isolation.

The facility reports not using isolation for residents at risk of sexual victimization in the past 12 months.

115.342 (i)

PAQ: The facility asserts if a resident at risk of sexual victimization is held in isolation, the facility affords each such resident a review every 30 days to determine whether there is a continuing need for separation from the general population.

The PREA Coordinator provided a statement that DJJ does not use isolation.

The facility reports not using isolation for residents at risk of sexual victimization in the past 12 months.

Conclusion and Corrective Action:

Based upon the review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding use of screening information. Corrective action is complete.

115.342 (a)

The agency/facility must use information from the risk screening required by §115.341 to inform housing, bed, work, education, and program assignments with the goal of keeping all residents safe and free from sexual abuse.

The agency provided policy and procedure and a detailed explanation of the Custody and Housing Assessment, in the form of the Custody and Housing Assessment Functional Description. The Custody and Housing Assessment is auto populated by the PREA checklist, mental health screening, medical screening and other risk screens and assessment tools. Risk factors

determine whether a resident is placed in general population; housing vulnerability level of low, medium, or high; room assignment; and any special alerts. The alerts are considered throughout a resident's day during education and programming. (April 21, 2022).

115.342 (b) and (i)

The PREA Coordinator provided a statement that DJJ does not use isolation (June 6, 2022).

Staff interviewed reported residents can privately report sexual abuse or sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, or staff neglect or violation of responsibilities that may have contributed to an incident of sexual abuse or sexual harassment by calling the hotline number. Residents stated they would report sexual abuse or sexual harassment that happened to them or someone else by telling staff, calling the hotline, or writing a grievance.

Site Review Observations: The auditor tested the telephones to verify residents can call the hotline and Ombudsman.

115.351 (b)

PAQ: The facility asserts the agency provides at least one way for residents to report abuse or harassment to a public or private entity or office that is not part of the agency. The agency has a policy requiring residents detained solely for civil immigration purposes be provided information on how to contact relevant consular officials and relevant officials of the Department of Homeland Security.

Calls to the National Sexual Abuse Hotline are routed through Georgia's sexual assault coalition of rape crisis centers, the Georgia Network to End Sexual Assault (GNESA). GNESA is a coalition of 27 rape crisis centers. If a resident calls the National Sexual Abuse Hotline, the call is routed to the local rape crisis center. If their call is unanswered, the calling system allows a resident's call to be transferred to the next nearest rape crisis center until the call is answered, eventually contacting all 27 statewide centers if needed. It provides an exceptional service for a resident reporting sexual abuse. The advanced calling system ensures a resident's call will be answered.

Georgia DJJ Policy 23.1 (Page 20) The facility shall give youth mailing addresses and telephone numbers (including toll-free hotline numbers) for agencies providing immigrant services for youth detained solely for civil immigration purposes and enable reasonable communication between youth and the organizations in as confidential a manner as possible. As a part of civil immigration resources, the facility will maintain a copy of the United States Department of State Consular Notification and Access book. The book may be ordered or downloaded from www.travel.state.gov/consulamotification.

The auditor interviewed the PREA Compliance Manager. The PREA Compliance Manager reported the National Sexual Abuse Hotline as one way residents can report sexual abuse or sexual harassment to a public or private entity that is not part of the agency. Calling the hotline enables receipt and immediate transmission of resident reports of sexual abuse or sexual harassment to agency officials and allows the resident to remain anonymous upon request.

Residents interviewed stated they would report sexual abuse or sexual harassment that happened to them or someone else by telling staff, calling the hotline, or writing a grievance. Residents could identify someone that does not work at the facility they could report to.

Site Review Observations: The auditor observed various English and Spanish language posters with phone numbers and/or mailing addresses for resident access to outside support services and legal representation. The auditor tested the telephones to verify residents can call the hotline and Ombudsman.

115.351 (c)

PAQ: The facility asserts the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties. Staff are required to document verbal reports. The time frame that staff are required to document verbal reports:

Georgia law and DJJ policy requires all staff are mandatory reporters. All verbal reports are documented by using the Special Incident Reporting (SIR) form as the official written reporting process for any type of sexual abuse and sexual harassment, including verbal, anonymous, and third-party reports.

Interviews with staff confirmed when a resident alleges sexual abuse or sexual harassment, they can do so verbally, in writing, anonymously and through third parties. Staff stated they document verbal reports. Most said immediately, but all stated they would document as soon as possible and within the shift.

Residents interviewed reported they can make reports of sexual abuse or sexual harassment either in person or in writing and someone else could make the report for them, so they do not have to give their name.

115.351 (d)

PAQ: The facility asserts it provides residents with access to tools to make written reports of sexual abuse or sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents.

The auditor interviewed the PREA Compliance Manager. The PREA Compliance Manager reported residents can use grievance forms and help request forms to make written reports of sexual abuse or sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. The auditor observed grievance forms are available next to locked grievance boxes. The

grievance boxes are checked daily.

115.351 (e)

PAQ: The facility asserts the agency has established procedures for staff to privately report sexual abuse and sexual harassment of residents.

Staff privately report sexual abuse and sexual harassment of residents by calling the National Sexual Abuse Hotline or using the DJJ Online Intelligence Tip Form. The DJJ Online Intelligence Tip Form is available on the agency's website. Contact information for the Intelligence Tip Form is included on PREA posters in the facility. The Intelligence Tip Form provides a method for the staff, the public, parents, or friends to report sexual abuse in the facility. They can do so as third parties and provide anonymity if the resident requests to remain anonymous.

Staff interviewed identified the National Sexual Abuse Hotline as a way for them to privately report sexual abuse and sexual harassment of residents. Other answers included reporting to their supervisor, writing a grievance or using the DJJ Online Intelligence Tip Form.

Conclusion and Corrective Action:

Based upon the review and analysis of the available evidence, the auditor has determined the agency and facility meets this standard regarding resident reporting. No corrective action is required.

PAQ: The facility asserts agency policy and procedure permits third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse, and to file such requests on behalf of residents. Agency policy and procedure require that if the resident declines to have third-party assistance in filing a grievance alleging sexual abuse, the agency documents the resident's decision to decline.

Policy is silent on this standard provision.

115.352 (f)

PAQ: The facility asserts the agency has a policy and established procedures for filing an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse. Agency policy and procedures for emergency grievances alleging substantial risk of imminent sexual abuse require an initial response within 48 hours.

The number of emergency grievances alleging substantial risk of imminent sexual abuse that were filed in the past 12 months: 0

Policy is silent on this standard provision.

115.352 (g)

PAQ: The facility asserts the agency has a written policy that limits its ability to discipline a resident for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the resident filed the grievance in bad faith. In the past 12 months, the number of resident grievances alleging sexual abuse that resulted in disciplinary action by the agency against the resident for having filed the grievance in bad faith: 0

Georgia DJJ Policy 23.1 (Page 21) The facility will not discipline a youth for filing a grievance alleging sexual abuse unless the facility demonstrates that the youth filed the grievance in bad faith.

No residents filed grievances alleging sexual abuse. Therefore, there was no documentation of any such disciplinary actions.

Conclusion:

Based upon the review and analysis of the available evidence, the auditor has determined the agency and facility is fully compliant with this standard regarding exhaustion of administrative remedies. No corrective action is required.

PAQ: The facility asserts it informs residents, prior to giving them access to outside support services, the extent to which such communications will be monitored. The facility informs residents, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant Federal, State, or local law.

The facility provides residents with reasonable and confidential access to their attorneys or other legal representation and to their parents or legal guardians through visitation, mail and telephone. Interviews with residents revealed they were not knowledgeable about the extent to which communications with outside support services will be monitored or mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates. This standard provision requirement was addressed through corrective action.

During the onsite phase of the audit, the auditor did not observe residents were informed, during intake, about mandatory reporting rules or confidentiality with regards to outside support services. This standard provision requirement was addressed through corrective action.

The posted information for the Treehouse Children's Advocacy Center includes information regarding: the services are free, correspondence is confidential, and mandatory reporting laws (March 28, 2022).

PAQ: The facility asserts the agency or facility maintains memoranda of understanding (MOUs) or other agreements with community service providers that are able to provide residents with emotional support services related to sexual abuse. The agency or facility maintains copies of those agreements.

Georgia DJJ Policy 23.1 (Page 21) Each facility is required to establish MOU with the nearest Rape Crisis Center to offer youth required services. If the facility MOU with the Rape Crisis Center or a Crisis intervention/Counseling and Advocacy Support Services cannot provide the required services needed by the resident, the facility will arrange to transfer the resident to the nearest facility that has a MOU that can provide the required services.

This standard provision requirement was addressed through corrective action. The agency provided documented evidence in the form of email correspondence and a draft MOU with Children's Advocacy Centers of Georgia, to provide residents with emotional support services related to sexual abuse, with the 52 children's advocacy centers in Georgia (May 31, 2022).

115.353 (a) The facility provided residents with a telephone number and mailing address for the Treehouse Children's Advocacy Center. The contact information was posted in the living units and other areas of the facility. The poster was uploaded to the OAS (March 28, 2022).

The auditor suggests including the poster with intake materials to increase awareness of the services available.

115.353 (b) The posted information for the Treehouse Children's Advocacy Center includes information regarding: the services are free, correspondence is confidential, and mandatory reporting laws (March 28, 2022).

DJJ uses the Sexual Abuse Incident Review Team Meeting Minutes Form (Georgia DJJ Policy 23.1, Attachment J) to document sexual abuse incident reviews. The review team considers the following: (1) whether the allegation or investigation indicates a need to change policy to better prevent, detect, or respond to sexual abuse; (2) whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or, gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility; (3) whether physical barriers in the area may enable abuse; (4) protective measures taken following a sexual abuse incident; (5) the adequacy of staffing levels in the area during different shifts; (6) whether monitoring technology (CCTV) should be deployed or augmented to supplement supervision by staff; (7) was the incident immediately reported to supervisors and the Facility Director; and (8) was the proper documentation completed for the incident.

The Regional Administrator stated the PREA Incident Review Team considers whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility. The area in the facility where the incident allegedly occurred is examined to assess whether physical barriers in the area may enable abuse. Adequacy of staffing levels in the area are assessed for different shifts. The PREA Incident Review Team assesses whether monitoring should be deployed or augmented to supplement supervision by staff.

The auditor interviewed the PREA Compliance Manager. The PREA Compliance Manager stated when the facility conducts a sexual abuse incident review, the facility prepares a report of its findings from the review, including any determinations and any recommendations for improvement. The PREA Compliance Manager is a member of the sexual abuse incident review team.

The auditor reviewed a sexual abuse incident review for a substantiated allegation of staff-on-resident sexual harassment. The review is inclusive of the standard provision requirements.
