Prison Rape Elimination Act (PREA)

The Prison Rape Elimination Act (PREA) was unanimously passed by Congress and signed on September 4, 2003, by President George H.W. Bush, becoming the first federal legislation to address the issue of sexual assault in a correctional setting. The Act applies to sexual abuse in all custodial corrections settings, including prisons, jails, police lock-ups, juvenile facilities, and community residential settings. Moreover, the Act applies to all types of sexual misconduct against juveniles, including abuse by fellow juveniles and staff.

Georgia Department of Juvenile Justice

The Georgia Department of Juvenile Justice (DJJ) provides secure housing, programming, mental health services, health care services, and education for juveniles who are on probation, awaiting adjudication, or have been adjudicated and committed to the Georgia Department of Juvenile Justice.

The Georgia Department of Juvenile Justice reviews data collected and aggregated pursuant to PREA standard 115.387 in order to assess and improve the effectiveness of the agency's sexual abuse prevention, detection, and response policies, practices, and training to include identifying problem areas; and taking corrective action on an ongoing basis.

The Georgia DJJ yearly comparison report began with FY2013. Specific information from all reports is redacted to prevent any threat to the safety and security of secure facilities, community residential programs, court service offices, and youth and staff. The PREA Annual Report redacted information concerning staff and youth personal identifiers.

Established PREA Tracking Codes (Definitions)

During the reporting period from January 1, 2018 thru December 31, 2018, the DJJ OQA data base received 117 allegations of PREA incidents. The alleged incidents were reported from one or more of DJJ's 26 Secure Facilities, one or more of DJJ's 92 Community Service Offices, and one or more of DJJ's 75 Residential Program Providers. Of the 117 alleged PREA incidents, 81 were reported by secure facilities (5 were duplicates and 76 were process); 36 were reported by community.

2018 PREA Audit Methodology

The Prison Rape Elimination Act of 2003 (PREA) requires that Governors must certify that their respective states are in full compliance with the standards associated with 28 C.F.R. Part 115 (PREA), which took effect on August 20, 2012. These standards apply to state and local confinement facilities, categorized as jails and prisons, community confinement facilities, lockups, and juvenile facilities.

All Georgia DJJ facilities are categorized as Juvenile Facilities. The facilities types are Regional Youth Detention Centers (RYDC), and Youth Development Campuses (YDC).

The agency has 26 secure facilities which are state-operated. All are covered under Prison Rape Elimination Act (PREA) Juvenile Facility Standards.

The Georgia Department of Juvenile Justice contracted with US Department of Justice Certified Juvenile PREA Auditors to conduct required PREA audits. Each DJJ secure facility was audited on the required 43 standards and 350 plus provisions.

2018 Facilities Audit Results (August 20, 2017 – August 19, 2018)

One third of DJJ facilities were audited in 2018. Seven facilities received final PREA Reports resulting in 100%.
