Facility AUDIT FINDINGS

Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:

5

- 115.331 - Employee training
- 115.332 - Volunteer and contractor training
- 115.334 - Specialized training: Investigations
- 115.342 - Placement of residents
- 115.386 - Sexual abuse incident reviews

Number of standards met:

38

Number of standards not met:

0

POST-AUDIT REPORTING INFORMATION

GENERAL AUDIT INFORMATION

On-site Audit Dates

1. Start date of the onsite portion of the audit:	2024-01-10
2. End date of the onsite portion of the audit:	2024-01-11

Outreach

10. Did you attempt to communicate with community-based organization(s) or victim advocates who provide services to this facility and/or who may have insight into relevant conditions in the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
a. Identify the community-based organization(s) or victim advocates with whom you communicated:	the auditor communicated with representatives from Willis Memorial Hospital; Child Enrichment CAC of Augusta; Children's Health Care of Atlanta; Just Detention International regarding Wilkes RYDC.

AUDITED FACILITY INFORMATION

14. Designated facility capacity:	48
15. Average daily population for the past 12 months:	22
16. Number of inmate/resident/detainee housing units:	4
17. Does the facility ever hold youthful inmates or youthful/juvenile detainees?	<input type="radio"/> Yes <input type="radio"/> No <input checked="" type="radio"/> Not Applicable for the facility type audited (i.e., Community Confinement Facility or Juvenile Facility)

Audited Facility Population Characteristics on Day One of the Onsite Portion of the Audit

Inmates/Residents/Detainees Population Characteristics on Day One of the Onsite Portion of the Audit

36. Enter the total number of inmates/residents/detainees in the facility as of the first day of onsite portion of the audit:	20
38. Enter the total number of inmates/residents/detainees with a physical disability in the facility as of the first day of the onsite portion of the audit:	0
39. Enter the total number of inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) in the facility as of the first day of the onsite portion of the audit:	8
40. Enter the total number of inmates/residents/detainees who are Blind or have low vision (visually impaired) in the facility as of the first day of the onsite portion of the audit:	0
41. Enter the total number of inmates/residents/detainees who are Deaf or hard-of-hearing in the facility as of the first day of the onsite portion of the audit:	0
42. Enter the total number of inmates/residents/detainees who are Limited English Proficient (LEP) in the facility as of the first day of the onsite portion of the audit:	0
43. Enter the total number of inmates/residents/detainees who identify as lesbian, gay, or bisexual in the facility as of the first day of the onsite portion of the audit:	1

<p>44. Enter the total number of inmates/residents/detainees who identify as transgender or intersex in the facility as of the first day of the onsite portion of the audit:</p>	<p>1</p>
<p>45. Enter the total number of inmates/residents/detainees who reported sexual abuse in the facility as of the first day of the onsite portion of the audit:</p>	<p>0</p>
<p>46. Enter the total number of inmates/residents/detainees who disclosed prior sexual victimization during risk screening in the facility as of the first day of the onsite portion of the audit:</p>	<p>1</p>
<p>47. Enter the total number of inmates/residents/detainees who were ever placed in segregated housing/isolation for risk of sexual victimization in the facility as of the first day of the onsite portion of the audit:</p>	<p>0</p>
<p>48. Provide any additional comments regarding the population characteristics of inmates/residents/detainees in the facility as of the first day of the onsite portion of the audit (e.g., groups not tracked, issues with identifying certain populations):</p>	<p>The facility houses male and female youth up to age 21 serving Elbert, Greene, Hancock, Lincoln, Madison, Morgan, Oglethorpe, Putnam, Taliaferro, Washington, and Wilkes Counties. These youth are sentenced to short term incarceration, awaiting court appointment, or awaiting assignment to a long-term incarceration facility. Most of the youth here will return to the community within a few months; however, a high majority have a history of multiple confinements in regional detention centers.</p>
<p>Staff, Volunteers, and Contractors Population Characteristics on Day One of the Onsite Portion of the Audit</p>	
<p>49. Enter the total number of STAFF, including both full- and part-time staff, employed by the facility as of the first day of the onsite portion of the audit:</p>	<p>48</p>

<p>50. Enter the total number of VOLUNTEERS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:</p>	<p>7</p>
<p>51. Enter the total number of CONTRACTORS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:</p>	<p>7</p>
<p>52. Provide any additional comments regarding the population characteristics of staff, volunteers, and contractors who were in the facility as of the first day of the onsite portion of the audit:</p>	<p>The agency contracts with Augusta University to provide medical services and CGL for maintenance services.</p>
<p>INTERVIEWS</p>	
<p>Inmate/Resident/Detainee Interviews</p>	
<p>Random Inmate/Resident/Detainee Interviews</p>	
<p>53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>6</p>
<p>54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)</p>	<p> <input checked="" type="checkbox"/> Age <input checked="" type="checkbox"/> Race <input checked="" type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input checked="" type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input checked="" type="checkbox"/> Gender <input type="checkbox"/> Other <input type="checkbox"/> None </p>

<p>55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</p>	<p>The auditor selected youth that met any target categories and identified their current housing assignment. Then selected additional youth from each of the four housing units taking into consideration factors such as age, race, gender, ethnicity, length of time in the facility.</p>
<p>56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</p>	<p>The auditor experienced no barriers to completing the interviews.</p>
<p>Targeted Inmate/Resident/Detainee Interviews</p>	
<p>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>5</p>
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<p>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Interviews with the Regional Administrator, facility Director, PCM, medical staff, education staff, and JDCs indicated there were no residents at the facility who had a physical disability. The auditor observed youth while on the housing units, during meals, during recreation, and attending school and observed nothing that would indicate otherwise.</p>
<p>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>3</p>
<p>62. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Interviews with the Regional Administrator, facility Director, PCM, medical staff, education staff, and JDCs indicated there were no residents at the facility who were blind or had low vision. The auditor observed youth while on the housing units, during meals, during recreation, and attending school and observed nothing that would indicate otherwise.</p>
<p>63. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Interviews with the Regional Administrator, facility Director, PCM, medical staff, education staff, and JDCs indicated there were no residents at the facility who were deaf or hard-of-hearing. The auditor observed youth while on the housing units, during meals, during recreation, and attending school and observed nothing that would indicate otherwise.</p>
<p>64. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Interviews with the Regional Administrator, facility Director, PCM, medical staff, education staff, and JDCs indicated there were no residents at the facility who were LEP. The auditor observed youth while on the housing units, during meals, during recreation, and attending school and observed nothing that would indicate otherwise.</p>
<p>65. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</p>	<p>1</p>
<p>66. Enter the total number of interviews conducted with inmates/residents/detainees who identify as transgender or intersex using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</p>	<p>1</p>
<p>67. Enter the total number of interviews conducted with inmates/residents/detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Interviews with the Regional Administrator, facility Director, PCM, investigators, medical staff, education staff, and JDCs indicated there were no residents at the facility who had reported sexual abuse. Additionally, the housing roster did not contain the names of the victims listed in the two case files reviewed.</p>
<p>68. Enter the total number of interviews conducted with inmates/residents/detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:</p>	<p>1</p>
<p>69. Enter the total number of interviews conducted with inmates/residents/detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Allege to have Suffered Sexual Abuse)" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Interviews with the Regional Administrator, facility Director, PCM, medical staff, education staff, and JDCs indicated there were no residents at the facility who had been placed in segregated housing for risk of sexual victimization. The auditor interviewed one youth who was recently confined to his room but found that it was for disciplinary reasons.</p>

<p>70. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):</p>	<p>The auditor oversampled youth who were on mental health caseload and/or have an IEP (individualized education plan), which represents the "cognitive disability" youth interviewed, to compensate for there being no youth at the facility for targeted categories of: LEP, segregated for being high risk, physical disability, and reporting sexual abuse at the facility.</p>

Staff, Volunteer, and Contractor Interviews

Random Staff Interviews

<p>71. Enter the total number of RANDOM STAFF who were interviewed:</p>	<p>13</p>
<p>72. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)</p>	<p><input checked="" type="checkbox"/> Length of tenure in the facility</p> <p><input checked="" type="checkbox"/> Shift assignment</p> <p><input checked="" type="checkbox"/> Work assignment</p> <p><input checked="" type="checkbox"/> Rank (or equivalent)</p> <p><input type="checkbox"/> Other (e.g., gender, race, ethnicity, languages spoken)</p> <p><input type="checkbox"/> None</p>
<p>73. Were you able to conduct the minimum number of RANDOM STAFF interviews?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>74. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</p>	<p>The auditor met no barriers to conducting the necessary interviews.</p>

Specialized Staff, Volunteers, and Contractor Interviews

Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.

75. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):	19
76. Were you able to interview the Agency Head?	<input checked="" type="radio"/> Yes <input type="radio"/> No
77. Were you able to interview the Warden/Facility Director/Superintendent or their designee?	<input checked="" type="radio"/> Yes <input type="radio"/> No
78. Were you able to interview the PREA Coordinator?	<input checked="" type="radio"/> Yes <input type="radio"/> No
79. Were you able to interview the PREA Compliance Manager?	<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)

80. Select which SPECIALIZED STAFF roles were interviewed as part of this audit from the list below: (select all that apply)

- Agency contract administrator
- Intermediate or higher-level facility staff responsible for conducting and documenting unannounced rounds to identify and deter staff sexual abuse and sexual harassment
- Line staff who supervise youthful inmates (if applicable)
- Education and program staff who work with youthful inmates (if applicable)
- Medical staff
- Mental health staff
- Non-medical staff involved in cross-gender strip or visual searches
- Administrative (human resources) staff
- Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) staff
- Investigative staff responsible for conducting administrative investigations
- Investigative staff responsible for conducting criminal investigations
- Staff who perform screening for risk of victimization and abusiveness
- Staff who supervise inmates in segregated housing/residents in isolation
- Staff on the sexual abuse incident review team
- Designated staff member charged with monitoring retaliation
- First responders, both security and non-security staff
- Intake staff

	<input checked="" type="checkbox"/> Other
If "Other," provide additional specialized staff roles interviewed:	The auditor also interviewed the staff member responsible for handling mail, grievances, and disciplinaries. Central office staff interviewed included the Medical Director, Victim Services Director, and intel officer, and the Ombudsman's Office Manager.
81. Did you interview VOLUNTEERS who may have contact with inmates/residents/detainees in this facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
a. Enter the total number of VOLUNTEERS who were interviewed:	1
b. Select which specialized VOLUNTEER role(s) were interviewed as part of this audit from the list below: (select all that apply)	<input type="checkbox"/> Education/programming <input type="checkbox"/> Medical/dental <input type="checkbox"/> Mental health/counseling <input checked="" type="checkbox"/> Religious <input type="checkbox"/> Other
82. Did you interview CONTRACTORS who may have contact with inmates/residents/detainees in this facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
a. Enter the total number of CONTRACTORS who were interviewed:	3

<p>b. Select which specialized CONTRACTOR role(s) were interviewed as part of this audit from the list below: (select all that apply)</p>	<p><input type="checkbox"/> Security/detention</p> <p><input type="checkbox"/> Education/programming</p> <p><input checked="" type="checkbox"/> Medical/dental</p> <p><input type="checkbox"/> Food service</p> <p><input checked="" type="checkbox"/> Maintenance/construction</p> <p><input type="checkbox"/> Other</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p>84. Did you have access to all areas of the facility?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

Was the site review an active, inquiring process that included the following:

<p>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
88. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No

89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).

Wilkes Regional Youth Detention Center is located at 1430 Industrial Park Road, Washington, Georgia, 30673. The auditor had access to and observed all areas of the facility. The auditor was provided a physical plant layout of the facility. The facility consists of (5) buildings. The facility has (4) housing units. Three housing units have sixteen (16) single cells and four (4) showers. One housing unit has eight (8) single cells with a shower, toilet and sink in each cell. The residents are able to shower privately. The auditor observed the medical and dental facilities, conference room, staff offices, the school, classrooms, the library, gymnasium, outside recreational area, dining hall/multipurpose area, kitchen, control room, and intake.

Cameras were noted in all areas including corridors except the bathrooms, showers, medical examination rooms, laundry, kitchen, administrative area, and mental health counselor offices. A clear, direct line of sight was observed everywhere and doors that were marked "No Youth Access" were controlled through restricted key access and had camera view placements at the area entrance doors; no residents are allowed in the administrative, laundry, or kitchen. The auditor talked with the control room officer during the facility tour and observed various camera views, discussed functionality of the cameras, and discussed how determinations are made for controlling traffic throughout the facility. The auditor tested the phones on a randomly selected unit and found the phone active and working order. The phone allows the user to enter their identification number for a call to approved parties on their telephone list, or they may listen to the additional prompts for speed dial access. The auditor placed test calls to the Ombudsman's Office and to the RAINN Hotline using the speed dial numbers without the requirement to enter an access pin. All youth interviewed corroborated that the telephones are and have been in working order. The auditor toured all areas of the facility and held

informal conversations with staff and youth during the site inspection. The facility was clean and in good repair. The auditor's observation of interactions between residents and staff appeared easy and trusting. Staff were approachable and responded to youth's questions professionally. All interactions observed appeared to the auditor that staff have a good rapport with the youth and set necessary boundaries. The facility Director was known by the youth and the interviews revealed that they have access to speak with him frequently as he has high presence within the facility in various areas and at various times.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

Yes

No

91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

The auditor reviewed all documentation provided by the facility during the Pre-Audit phase with the PAQ. After review, the auditor prepared an Issue Log requesting additional information and provided it to the PREA Specialist, along with a list of additional information to have prepared for day one of the audit which included shift rosters, employee lists, and youth housing lists. Documentation reviewed while onsite was flagged for the PREA Compliance Manager (PCM) to upload into the OAS as evidence and for retention purposes. All documents reviewed are identified in the Evidence Reviewed section for each standard's narrative. Below is a list of the Georgia Department of Juvenile Justice (DJJ) policies that were reviewed toward making compliance determinations. All documentation requested by the auditor before, during, and after the audit was provided promptly. Throughout the report the auditor references the policies by number only.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	2	0	2	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	2	0	2	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted

	<p>Evidence Reviewed: Policies 1.2, 23.1, 23.2; Memo - PREA Compliance Manager Appointment; Organizational Chart - Department of Juvenile Justice (Agency); Organizational Chart - DJJ Office of Professional Development (PREA); Facility Organizational Chart; Information Obtained from Interviews.</p> <p>115.311(a): The Georgia Department of Juvenile Justice (DJJ) has zero tolerance towards all forms of sexual abuse and sexual harassment of youth in DJJ custody. The DJJ strictly prohibits any form of sexual activities involving youth with other youth and youth with staff, visitors, contractors, volunteers, and interns as defined by DJJ Standards, Georgia State Law, and DJJ policies. Such conduct is subject to administrative and disciplinary sanctions, termination, and criminal prosecution. In addition, the Department takes appropriate actions to reduce the risk of sexual abuse and sexual harassment within the DJJ facilities, contracted residential programs, and community service offices (CSO) by implementing the PREA Standards established by the United States Department of Justice (DOJ). The agency has a written policy (23.1) mandating zero tolerance toward all forms of sexual</p>

	<p>abuse and sexual harassment and it outlines the agency’s approach to preventing, detecting, and responding to sexual abuse and sexual harassment.</p> <p>115.311(b): The agency employs an upper-level, agency-wide PREA Coordinator, Latera Davis, Deputy Commissioner, Office of Professional Development and Standards. She reports directly to the Commissioner, Shawanda Reynolds-Cobb. Based on an interview with the PREA Coordinator, she has sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all DJJ facilities. She employs support staff and directs designated facility PREA Compliance Managers (PCM) in the agency's compliance efforts.</p> <p>115.311(c): The facility has designated a PCM, Captain Shannon Whitfield. Captain Whitfield reports directly to the facility Director. The PCM has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards based on her interview with the auditor.</p> <p>Based on the review and analysis of the stated evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

115.312	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Evidence Reviewed: Policy 2.16; Policy 23.1; Policy 23.2; Contracts with Four Seasons of Love Youth Home, LLC; Gentle Loving Care Center; Anchor of Hope House, LLC; Right Path Oasis Group Home, LLC; Living Our Lives Community Living LLC DBA LOL; Chenault Youth Services; Information Obtained from Interviews.</p> <p>115.312(a)(b): The agency has entered into or renewed (43) contracts for the confinement of residents. The auditor's review of these contracts and corresponding audit reports determined that the agency requires these contractors to adopt and comply with PREA standards. An interview with the agency contract administrator confirmed that contractors acknowledge that, in addition to self-monitoring requirements the agency will conduct announced or unannounced compliance monitoring to include site visit monitoring. Any contractor that fails to comply with Prison Rape Elimination Act (PREA), including PREA Standards and DJJ Department Policies will result in termination of the contract. Contractors must have all personnel sign a PREA Staff Acknowledgement Statement and keep the signed form in the employee’s file. Contractors/Community Residential Providers are responsible for providing an accurate count of DJJ residents to the DJJ Manager of Residential and Community Based Services. Community Residential Providers who have 51% or more DJJ residents will be subject to Department of Justice (DOJ) audits. There are currently (6) contracts that have met the criteria (whose population is 51% or greater DJJ residents) and all (6) were required to have a PREA audit in the 2nd year of the current PREA cycle. Community Residential Providers are responsible for</p>

	<p>contracting with DOJ Certified Auditors to conduct an independent audit with assistance for the Agency-wide PREA Coordinator every three years. Policy 23.2 establishes that the District Directors and Community PREA Compliance Managers will monitor and conduct internal audits of all Community/Court Service Offices for PREA compliance and will submit reports to Agency PREA Coordinator; The Regional Treatment Services Specialists will monitor and conduct internal audits of all Community Residential Providers for PREA compliance and will submit reports to the Agency PREA Coordinator. The auditor reviewed (4) internal audits and (2) external audits that were conducted during the audit period. Providers who have not yet met the criteria to require a PREA audit are still monitored for compliance through the agency's internal audit process based on an interview with the agency's contract administrator.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

115.313	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Evidence Reviewed: Policies 7.6, 8.1, 8.2, 8.20, 23.1, and 23.2; 23.1 Attachment A; Secure Facility Staffing reports; Facility Staffing Plan; 2023 Staffing Plan Review; 2022 Staffing Plan Review; 2021 Staffing Plan Review; Staffing list of Counselors, Teachers, and Recreation Staff; Restricted Area List; Unannounced PREA Rounds Logs; CCTV Logs and Locations; Information Obtained from Interviews; Personal Observations During Site Visit.</p> <p>115.313(a)(b)(d): Policy 23.1 states that facilities will develop, implement, and document an approved staffing report that provides for adequate levels of staffing and, where applicable, video monitoring, to protect youth against sexual abuse following Policy 7.6, Video Monitoring Systems. Each time the staffing plan is not complied with, the facility will document and justify all deviations from the staffing plan. The facility is required to review, make adjustments, and complete the Facility Annual Staffing Report (Attachment A) and submit its report by the 10th of December with the required signatures to the Agency PREA Coordinator. The facility provided staffing reports for the auditor's review which confirmed that the staffing plan provides adequate supervision for youth. The facility provided staffing plan reviews with the last review being done in November, 2023. The annual reviews are conducted on the Facility Annual Staffing Report, Policy 23.1, Attachment A. This form indicates that the reviewing parties consider all required elements of provision (b) during the annual review. Additionally, the auditor reviewed (32) random Secure Facility Staffing Reports from the prior 12 months and found any deviations properly documented and justified. An interview with the Regional Administrator confirmed that deviations from the staffing plan are documented daily into the Secure Facility</p>

Staffing Report System. During the site visit inspection, the auditor observed the number of security and non-security staff during both shifts and found them consistent with the staffing plan requirements. The auditor observed staffing ratios in the housing unit during waking hours and sleeping hours and found the appropriate ratios were maintained at 1:8 during waking hours and 1:16 during sleeping hours for all areas. The auditor observed that any potential blind spot was adequately addressed through the use of camera monitoring. All areas designated as "no detainee access" were observed, finding restricted key control access and camera monitoring for these areas. The control room officer monitors cameras throughout the facility throughout the shift and the Director and Assistant Directors also have camera view access on their computers to monitor periodically and as needed. Interviews with youth and line staff, and review of documentation in logbooks confirmed that supervision and frequency of cell checks in housing areas are made frequently. All youth are housed one per cell at this facility.

115.313(c): Policy 23.1 states that each facility will maintain staff ratios of a minimum of 1:8 during resident wake hours and 1:16 during sleep hours. Only agency-approved POST-certified staff members or staff members with additional PREA training can be counted in the supervision ratio. The facility documents this information daily in the Secure Facility Staffing Report System (SFS) located on the DJJ website. The facility has been compliant with the minimum ratio requirements for the past 12 months but has had to make adjustments due to staff vacancies and staff callouts. The facility provided (32) samples of reports, the 1st, 10th, and 20th for all months between January 2023 - November 2023, from the Secure Facility Staffing Report System that indicates compliance with staffing ratios. In the last 12 months, the facility has not deviated from the required staffing ratios based on information provided on the PAQ and interview with the facility Director; all modifications in staffing were properly documented on the reports reviewed. The facility uses hold-overs and overtime to ensure required staffing ratios are maintained. Administrative Duty Officers and facility leadership assist with coverage when needed.

115.313(e): Policies 23.1 and 8.2 require an Administrative Duty Officer (ADO) or facility Director to conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. The unannounced rounds cover all shifts and all areas of the facility. At least two unannounced rounds must be conducted after 12:30 am and no later than 4:30 am per month. Staff is prohibited from alerting other staff of such rounds. Staff members cannot conduct unannounced rounds during his/her assigned shifts. All such rounds must be documented using Attachment B, Unannounced PREA Rounds, and maintained in a binder for PREA audits. The unannounced PREA rounds logbook or documentation is maintained in the main control room at all times for audits and PREA investigators' review. Staff is prohibited from alerting other staff of such rounds. The auditor reviewed the PREA unannounced rounds binder and (25) random samples of the Attachment B forms and found these rounds are conducted according to the requirements of the policy. Interviews with random staff and security supervisors corroborated these rounds are made as required.

	Based on a review and evaluation of the listed evidence, the facility and agency have demonstrated compliance with all provisions of this standard.

115.315	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Evidence Reviewed: Policies 4.5, 7.6, 8.22, 23.1 and 23.3; 23.1 Attachment C, Cross Gender Searches Documentation; LOP Showers; Post Orders Showers; Cross-gender and Transgender Pat Search Training Curricula; Guidance on cross-gender and transgender searches PowerPoint; Cross-gender Training Rosters; PREA Accountability Statement; Information Observed During Site Visit; Information Obtained from Interviews.</p> <p>115.315(a)(b)(c)(e): Policy 23.1 states that youth in DJJ custody are not subject to discrimination based on race, religion, national origin, gender, sexual orientation, disability, or political views. Staff members of the opposite gender must announce their presence when entering a youth housing unit. Youth access will not be restricted to regularly available programming or other out-of-cell opportunities to comply with PREA provisions. No staff will search or physically examine a transgender or intersex youth to determine the youth’s genital status. If the youth’s genital status is unknown, it may be determined during a conversation with the youth or, if necessary, by learning that information as a part of a broader medical examination conducted in private by a medical services staff. The facility will not conduct cross-gender strip and body cavity searches of youth. Policy 8.22 establishes that cross-gender pat-down searches may only be conducted in exigent circumstances, which are any set of temporary and unforeseen circumstances that require immediate action to combat a threat to the security or institutional orders of the facility. All such searches must be documented detailing the exigent circumstances using Attachment C, Cross Gender Searches Documentation. The facility indicates no cross-gender searches have been conducted in the last 12 months. Interviews with random staff, supervisors, and facility leadership confirmed that there had been no opposite-gender searches during the audit period, which was further corroborated during interviews with youth.</p> <p>115.315(d): Policy 7.6 states for reasons of privacy, CCTV will not be used to monitor showers and toilet areas; areas used for strip searches; individual cells; and medical exam and treatment rooms. The auditor observed areas used to conduct strip searches and confirmed that these are in areas that prevent any opposite-gender viewing from occurring. Interviews with random staff and residents confirmed that opposite-gender staff is never present during an unclothed search. All staff interviewed knew that an opposite-gender strip search would only occur in exigent circumstances and must be documented in an incident report. During interviews, staff and residents further confirmed that opposite-gender</p>

announcements are made upon entering a living unit. All residents stated during their interview that they could use the restroom, shower, and change clothes without being viewed by opposite-gender staff. The auditor reviewed camera views from the central control and found no views were observable into areas where a resident may be changing clothes, using the restroom, or taking a shower. During the site visit, the auditor observed opposite-gender announcements when entering a living unit, the shower area, and the medical unit.

115.315(f): Policy 23.1 states that DJJ staff responsible for searches will be trained in conducting cross-gender pat-down searches and searches of transgender and intersex residents professionally, respectfully, and in the least intrusive manner possible, consistent with security needs. The gender of the staff member searching a transgender or intersex resident will depend on the individual resident's specific needs and the facility's operational concerns. Under most circumstances, this will be a case-by-case determination, which may change throughout confinement and should take into consideration the gender expression of the resident. The facility uses information from Policy 23.3, Attachment A: Transgender/Intersex Declaration of Preference Statement, when deciding a case-by-case determination of staff gender during searches of Transgender or Intersex residents. The auditor reviewed the curricula for Cross-Gender and Transgender Pat Searches and found the content compliant with this standard. Additionally, the auditor reviewed the Cross-Gender Pat Search Training Video developed by The Moss Group, which is used to train the trainers who deliver the training at the academy. The facility indicates that 100% of all security staff received training on conducting cross-gender pat-down searches and searches of transgender and intersex residents professionally and respectfully, consistent with security needs. Interviews with security staff confirmed that they received this training during their initial basic training at the academy. During random staff interviews the auditor found that some of the staff were unclear about the gender of staff who is authorized to conduct searches of a transgender or intersex youth. As a result, the auditor recommended that all staff receive another refresher training on the cross-gender searches training and related agency policy. The facility provided the auditor with a training roster during the post audit period confirming that all staff had reviewed the searches training and related policy. The auditor reviewed the youth's file documentation and found a SOGIE Assessment and Transgender/Intersex Declaration of Preference Statement that was completed during the youth's intake interview with the PCM. The youth stated a preference of being housed with male youth, searched by male officers, and showering on the male unit. The auditor interviewed this youth who corroborated the treatment team had discussed the youth's preferences for housing, programming, and searches. The youth was experiencing no issues and said if any problems came up they could be discussed with the Captain or facility Director. The auditor reviewed notes from the treatment team meeting where the youth's preferences were discussed and individualized determinations were made collectively with input from all disciplines.

Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.

115.316	Residents with disabilities and residents who are limited English proficient
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Evidence Reviewed: Policies 13.32, 15.7, and 15.10; Teaching Certificates; PREA Posters and Handouts (English/Spanish); DJJ Website Translations; Email Deaf Hard of Hearing ACA; Interpretive Services memo; Contracts for Interpreter Services; Language Service List; Observations During Site Visit; Information Obtained During Interviews.</p> <p>115.316(a): Policy 15.7 requires each facility to be equipped with a telecommunication system that facilitates the transmission of messages, volume control, and the effective communication of juveniles and other parties with speech and hearing impairments. Youth who receive services for the Deaf/Hard of Hearing through Special Education or Section 504 will have access during and after school hours to assistive and adaptive technology (including TTY phone) as outlined in their Individualized Education Program (IEP) or Section 504 plan. The facility case manager (e.g., RTI Chair, Special Education teacher) will request the technology (TTY phone) through their local administrator, who will then receive the technology (TTY phone) from the Director of Special Education. Policy 13.32 states that the Department of Juvenile Justice-Georgia Preparatory Academy (DJJ-GPA) shall identify school-age students with disabilities and provide these students a free and appropriate public education in compliance with state rules and the Individuals with Disabilities Education Act (IDEA 2004). DJJ-GPA shall provide a continuum of special education services to ensure that students with disabilities are educated with their non-disabled peers to the maximum extent possible. Policy 23.1 states that the facility will use Policy 13.32, Special Education Services, and its definitions of disabilities to provide age-appropriate and disability services to youth by special education instructors. In consultation with the Education Principal/Lead Teacher, each Director will ensure that education staff develops guidelines that will assist youth with disabilities in delivering PREA information. The guidelines include identifying staff responsible for services; processes for accessing services during regular hours, weekends, holidays, and after hours; Documentation in JTS; Timeframe in which service is to be delivered; and Follow-ups. Interviews with the Director, PCM, and Special Ed Teacher confirmed that these services are available, although there have been no youth at the facility requiring these services within the audit period. Random staff interviewed knew how to access communication services should they be needed. The facility indicates that no youth had visual, or hearing impairments during the audit period. The auditor interviewed (3) youths identified with a cognitive disability and determined that they required no special accommodations regarding access to PREA programs and were able to explain their right to be free from sexual abuse and sexual harassment and how they can participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. An interview with the agency head confirmed further that the agency has established procedures to provide youth</p>

with disabilities and who are LEP equal opportunity to participate and benefit from all aspects of the agency PREA program; these services are coordinated with the DJJ Office of Education. Additionally, the agency head spoke about the providers for services available through the community and through contract. An interview with the Special Education Teacher confirmed she is aware of the resources available and agency protocols in place to provide a youth with hearing, visual, cognitive, learning, or other disability accommodations with the PREA education; her teaching certificate was provided for the auditor's review.

115.316(b): Policy 15.10 states that the DJJ shall prohibit discrimination based on limited English proficiency. To ensure effective communication with all youth at all points of contact and meaningful access to all programs and services, language assistance services shall be provided to youth with limited English proficiency. Language assistance services will be free to youth with limited English proficiency (LEP). As needed, documents intended for youth (e.g., youth handbooks, help request forms, grievance forms, etc.) will be translated into Spanish. Other translations may be developed as needed. Oral communication with LEP youth will be provided by bilingual staff or through an interpreter. Each secure facility will give the youth with LEP the "I Speak" Form (Attachment B) at intake to identify the youth's language needs. The youth's specified language of proficiency will be documented in the Juvenile Tracking System. The facility's PREA intake posters are available in English and Spanish. Accommodations will be made following Policy 15.10, Language Assistance Services, to ensure that youth who are limited English proficient (LEP), deaf, or disabled can report sexual abuse to staff directly, through interpretive technology, or non-youth interpreters. The facility will use Policy 13.32, Special Education Services, to provide age-appropriate disability services to youth by special education instructors. In consultation with the Education Principal/Lead Teacher, each Director will ensure that education staff develops guidelines that will assist youth with disabilities in delivering PREA information. The procedures should include but are not limited to the following: Staff responsible for services; Processes for accessing services to include weekends, holidays, and after hours; Documentation in JTS; Timeframe in which service is to be delivered; and Follow-ups. Interpreter services may be provided by staff or through community interpreter services. Staff members may use the Language Assistance Service Providers list for additional language resources. Interpretation services may be provided in person, over the telephone, through video conferencing, or through social media such as email or texting using only DJJ-approved electronic communications devices or other appropriate technology. The auditor reviewed the contracts between DJJ and (3) different providers for translation/interpreter services. Interviews with the Special Education Teacher and PCM confirmed that there were no youth housed at the facility who was LEP during the audit period. There were no LEP youth at the facility during the site visit for the auditor to interview and test the interpretation services.

115.316(c): Policy 15.10 further establishes that family members, children, friends, and untrained volunteers will not be used as interpreters unless specifically requested by the youth or youth's parent or legal representative and upon approval of the Juvenile Detention Counselor or Community Case Manager. Facility/program/

	<p>office Directors will ensure that all staff is trained to access language assistance services. The agency has a Translations link on its public website that may be used by staff or other interested parties. The facility will prohibit the use of youth interpreters, youth readers, or other types of youth assistance except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the youth's safety, the performance of first-responder duties under 115.364, or the investigation of the youth's allegations. All exigent circumstances must be documented. Youth requiring interpretation services will receive services in accordance with Policy 15.10. The auditor observed the contact information for the interpretive service providers is posted in the intake area and the control room for use by staff as needed. There were no instances where resident interpreters, readers, or other resident assistants were used or needed during the audit period. Random staff interviews confirmed they knew how to access interpreter services should they be required, and that youth would not be used to interpret for another.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

115.317	Hiring and promotion decisions
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 3.52, 5,9,14.3, 23.1, and 22.3; 23.1 Attachment D; Initial Background Employee File Audit; DHS Division of Family and Children Services - Employee Case Histories; PREA Employment Questionnaire; List of Employees and Contracted Staff 5-YR BG; Prior Employer Reference Checks; PREA Accountability Statement - Background Checks; Observations During Site Visit; Information Obtained During Interviews.</p> <p>115.317(a)(b): Policy 23.1 establishes that Facilities/Programs/Offices will not hire or promote anyone who has been found guilty of sexual abuse or sexual misconduct and sexual harassment. DJJ must determine if all prospective employees and employees being considered for promotions have any allegations of sexual assault, sexual harassment, and any civil/administrative liabilities for sexual misconduct before employment and promotion. Employees/Part-Time/Per Diem/Interns and individual contract persons must read and sign the Staff PREA Acknowledgement Statement (Attachment E). A copy will be maintained in the personnel file or the appropriate file. HR confirmed during her interview that candidates involved in a prior incident of sexual harassment would require special approval to be employed. An interview with the HR Tech confirmed that candidates involved in a prior incident of any activities listed in provision (a) would not be eligible for employment and that anyone with a sexual harassment incident in their history would require special approval to be employed.</p>

115.317(c)(e): Policy 23.1 states that all new hires and employees being considered for promotion will have a background investigation completed following Policy 3.52, Background Investigations. Policy 3.52 requires reference checks to be conducted following Policies 3.51 and 5.9. The Department makes its best effort to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. Policy 23.1 and 3.52 establishes that criminal background record checks will be conducted at least every five years for all employees and contractors. In the past 12 months, there were (10) new hires at the facility who may have contact with residents. The auditor randomly selected (3) for a file review and found that all cleared a background check before being hired. In addition, auditor's interview with the HR Tech and review of a completed Reference Check Forms confirmed that prior institutional employers are asked about any substantiated allegations of sexual abuse and any resignation during an investigation. None of the (10) employees hired within the past 12 months indicated prior institutional employment. The auditor also selected (9) existing employees for a file review and found background checks were completed prior to hire, at promotion, or within five years, as applicable. In addition to the personnel file reviews, the auditor reviewed the HR tracking spreadsheet listing all employees (46) which included the date of hire, the dates the initial background was completed, and any subsequent backgrounds necessary for promotions or to meet the 5-year requirements.

115.317(d): Policy 23.1 and 3.52 establishes that the Department shall perform a criminal background records check and consult applicable sex offender registries before enlisting the service of any contractor who may have contact with youth. The Auditor reviewed records for (10) contractors and (2) volunteers indicating they were cleared prior to DJJ employment. An interview with the HR Tech found that contractors are approved through the central office division that manages the contract.

115.317(f)(g): Policy 23.1 establishes that during the interview process, facilities/ programs will ask all applicants and prospective employees about previous sexual abuse misconduct. Staff or contractors who omit material regarding sexual abuse and sexual harassment or provide materially false information will be terminated. Each applicant must complete 23.1 Attachment D, PREA Pre-Employment Questionnaire, as a part of the interview process. The HR tech confirmed during an interview that all new hires are informed of the continuing affirmative duty to disclose any such conduct and that material omissions regarding such misconduct or materially false information are grounds for termination during the initial orientation process and through policy review. All personnel files reviewed contained signed attestations that the employee has been informed of their affirmative continuing duty to report any misconduct or involvement with law enforcement. Random staff interviews also corroborated that they are made aware of this at hire and understand their duty to report.

115.317(h): Unless prohibited by law or DJJ Policies, the Department's Office of Human Resources, in coordination with the Office of Investigations and Office of Legal Services, provides information on substantiated allegations of sexual abuse or

	<p>sexual harassment between a current or former employee and a youth upon receiving a request from an institutional employer. Interviews with the PREA Coordinator and PREA Investigations Supervisor confirmed that the agency provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom the employee has applied to work.</p> <p>Based on the review and analysis of the evidence, the facility meets the requirements of this standard.</p>

	<p>Evidence Reviewed: Policies 7.1, 8.15, and 23.1; CCTV Expansions; DJJ Facility Opening Synchronization; Facility Schematic; GC&E Systems PO/Invoice; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.318(a): Policy 23.1 establishes that the agency will consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect youth from sexual abuse in addition to the requirements in Policy 7.1, Physical Plant Requirements when designing or acquiring a new facility or planning substantial expansion or modification of existing facilities. The policy further establishes that the agency will not consider open-bay living units to house youth. The Agency PREA Coordinator serves on the primary committee for PREA planning purposes. The facility accountability statement provided with the PAQ and a follow-up interview with the Director revealed no substantial expansions or modifications were made at the facility during the audit period. An interview with the agency head confirmed that during designing, acquiring, or planning modifications to facilities PREA standards are taken into consideration and incorporated by involvement of the agency's PREA coordinator. The goal is high visibility and direct lines of sight, while maintaining privacy for the youth during showers and in other areas where they may be in various stages of undress. The agency provided for the auditor's review a copy of the DJJ Facility Opening Synchronization Matrix for another facility to provide documented evidence that PREA standards are considered during major physical plant modifications. The agency has not acquired a new facility since the last PREA audit.</p> <p>115.318(b): Policy 23.1 establishes that when installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency will consider how such technology may enhance the agency's ability to protect residents from sexual abuse. The policy further establishes youth will not be recorded or viewed when showering, performing bodily functions, or changing clothing. In addition, CCTV will not be installed in youth rooms. The agency head</p>

	<p>explained during her interview that the agency uses technology to provide additional supervision and monitoring of staff and youth interactions; whether installing or updating newly installed monitoring technology the agency strives to have technology that will enhance the agency’s ability to keep youth and staff safe. The facility received a substantial camera upgrade, to include cloud storage since the last audit. Through interviews with the facility Director and PCM, review of the project documentation, and observations of the camera placements within the facility, the auditor has determined that the sexual safety of youth was considered during the camera upgrade project.</p> <p>Based on the review and analysis of the evidence, the facility has demonstrated compliance with all provisions of this standard.</p>

	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 2.10, 8.42, 22.3; 23.2; 23.3 and 23.1; 23.1 Attachment K; SANE Nurse Agency Utilization- FMEs; List of Medical & Mental Health Staff; Emergency Medical Treatment and Labor Act (EMTALA) Know Your Rights; MOU: Local Hospital Agreement; First Responder Instructions; MOU - Child Advocacy Center (CAC); GBI Property and Evidence General Information; Agreement DJJ & Children's Healthcare of Atlanta - FMEs; CSEC Response Contact Sheet and comprehensive guide; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.321(a)(b): Policy 23.1 establishes the Office of Investigations is responsible for conducting administrative and criminal sexual abuse investigations, including youth-on-youth and staff-on-youth sexual abuse following Policy 22.3, Internal Investigations. The investigations follow the guidelines of a National Sexual Abuse Protocol or similarly comprehensive and authoritative protocol. DJJ and the facility do not have other agencies investigating sexual abuse or sexual harassment allegations. The auditor reviewed Policy 8.42, which outlines the agency's uniform evidence protocol, and interviewed the PREA Unit Investigations Supervisor, who oversees all PREA investigations. The agency's uniform evidence protocol is developmentally appropriate for youth. Interviews with (13) random staff confirmed they were trained on basic evidence preservation protocols and are well knowledgeable of their responsibilities. Evidence would be protected and preserved until the arrival of an investigator who would then proceed with collection and processing of evidence. These staff also understood that investigations were conducted by the Office of Investigations PREA Unit and were able to name the supervising investigator as the primary point of contact.</p> <p>115.321(c): Policy 23.1 establishes victims of sexual abuse will have timely,</p>

unimpeded access to emergency medical treatment, crisis intervention services, and victim advocacy, the nature and scope of which are determined by medical services staff and mental health practitioners according to their professional judgment. Any youth reported or believed to have been sexually assaulted will be immediately referred to the on-site health care staff for an appropriate evaluation to determine emergency care needs. The youth will be sent to a local hospital for further examination, treatment, and forensic evidence collection if the incident occurred within the time limits determined by medical services staff, but no later than 72 hours. When on-site health care staff is unavailable, the youth will be transported to the local hospital for treatment following Policy 23.2, Sexual Assault. Examinations are conducted by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) at a local hospital. When SANEs or SAFEs are unavailable at the local hospital, a qualified non-DJJ medical practitioner will perform the forensic medical examinations. The facility will document the examination. Forensic medical examinations and treatment services are offered without financial cost to the youth in accordance with Policy 2.10, Youth Medical Expenses. Based on an interview with the PREA Coordinator and documented evidence, the agency partners with Children's Healthcare of Atlanta/Stephanie V. Blank Center for comprehensive youth medical and forensic evaluations. These examinations are conducted in a safe, child-friendly environment staffed by a team of professionals with extensive pediatric experience. An interview with the agency's Medical Director found that no forensic examinations will be conducted at the facility or by facility medical staff; youth will be transported to the local hospital and arrangements and collaborative efforts by medical staff, PCM, Victim Services Office, PREA Coordinator, and the investigator will ensure that there is a SANE/SAFE nurse available to conduct the exam. The auditor placed a call to the Child Enrichment Children's Advocacy Center corroborating that a staff member or volunteer from the advocacy center that is certified to conduct a forensic interview and forensic medical exam would be dispatched to the local hospital to provide these services to youth for DJJ in the assigned region. The Interview also confirmed that these services include crisis intervention, sexual assault counseling, medical advocacy or sexual abuse legal advocacy, as outlined in the MOU with DJJ. Policy 23.2 establishes that a qualified mental health professional (QMHP) will conduct a Behavioral Health Evaluation for incidents of sexual abuse to address the youth's current mental status. The QMHP will document all other clinical issues or concerns for youth on the mental health caseload in a crisis management progress note in JTS. The QMHP will generate a referral for a Mental Health Assessment for youth who are not on the mental health caseload. Mental health staff will provide appropriate follow-up care and treatment. An interview with the mental health counselor corroborated the procedures and protocols required by policy and explained the responsibilities of the mental health QMHP. There were no forensic medical exams conducted or necessary during the audit period.

115.321(d)(e)(h): Policy 23.1 establishes that the facility, through the DJJ Office of Contracts, will enter into a memorandum of understanding (MOU) with local rape crisis centers or community service providers that are able to provide youth with access to outside victim advocates for emotional support services related to sexual

	<p>abuse. This is evidenced by a MOU between DJJ and Children's Advocacy Center dated 10/4/2022 and corroborated by interview with the executive director and deputy commissioner/PREA Coordinator. Based on the auditor's review of the MOU, as requested by the victim, the victim advocate shall accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals. The agency always makes available an advocate from a children's advocacy center and does not use agency staff members to accompany and support the victim through the forensic medical examination process and investigatory interviews.</p> <p>115.321(f)(g): The agency is responsible for investigating administrative or criminal allegations of sexual abuse and does not rely on another agency to conduct these investigations.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

	<p>Evidence Reviewed: Policies 8.5, 22.3, and 23.1; 23.1 Attachment K; 22.3; DJJ Website Search; PREA Accountability Statement; Information Obtained from Interviews.</p> <p>115.322(a)(b): Policy 23.1 establishes that Directors ensure that all allegations of sexual abuse or sexual harassment are referred for investigation following Policy 8.5, Special Incident Reporting. The Director of Investigations ensures that all claims of sexual abuse and sexual harassment on DJJ property or in a community residential program, including third-party and anonymous reports, are investigated. The Office of Investigations follows the procedures in Policy 22.3, Internal Investigations. Based on interviews with the facility Director, PCM, Investigators, and (13) random staff, all allegations are referred for investigation, and referrals of allegations to the investigative body are documented. The facility indicates there were (2) sexual abuse allegations reported within the past 12 months; none were criminally investigated. Based on a review of the investigation case files, the facility properly documented a timely referral of the allegation to the investigative authority. The agency's PREA policy is published on the website at https://djj.georgia.gov/prison-rape-elimination-act-prea. An interview with the agency head confirmed that an administrative or criminal investigation is completed for all allegations of sexual abuse or sexual harassment by designated DJJ Office of Investigations, PREA Unit Investigators. These investigators are required to respond immediately to allegations of sexual abuse and sexual harassment in DJJ facilities.</p>

	<p>She further explained that when there is an allegation of sexual abuse or sexual harassment, the person reporting the allegation will contact the PREA unit supervisor. The investigator will assess the information provided with the initial report to determine if the allegation is PREA related incident. If the report is an allegation of sexual abuse or sexual harassment, an investigator will be deployed to conduct interviews. The investigation process includes but is not limited to interviews, file review, camera footage review, and collection of evidence. The investigation process follows the agency's comprehensive policies outlining investigative protocols which are based on the national sexual abuse protocol guidelines, national standards, and best practices.</p> <p>115.322(c)(d)(e): The agency is responsible for conducting administrative and criminal investigations into claims of sexual abuse and does not rely on a separate entity.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

	<p>Evidence Reviewed: Policies 3.22, 4.1, 4.5, and 23.1; 4.2 Attachment A; Attachment G, PREA Training Series; Director's PREA Statement; 2017 Annual PREA Compliance Training; JCO On-Job Training Guide; Gender Responsive Training PowerPoint; PREA 2020 Training PowerPoint; Sexual Harassment Training Rosters; Modules 1-6 PREA Training Curricula; Staff First Responder Cards; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.331(a)(b)(c)(d): Policy 23.1 establishes that all staff must be able to fulfill their responsibilities under the agency's sexual abuse prevention, detection, and response policies and procedures. Staff is required to complete the PREA Training Series as listed in Attachment G, PREA Training Series annually, which is above and beyond the requirements of this standard. Through employee signature or electronic verification, employees document that they understand the training they have received. In addition to the required classroom and computer-based training, the OJT curricula include information about the resident's rights to be free from sexual abuse and sexual harassment. The OJT Training Guide packet verifies that employees who may have contact with residents receive comprehensive on-the-job training on the dynamics of sexual abuse and sexual harassment in juvenile facilities, common reactions of juvenile victims of sexual abuse and sexual harassment, how to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between residents, how to avoid inappropriate relationships with residents. The OJT</p>

	<p>curricula and the Gender Responsive training include communicating effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender-nonconforming residents. The agency trains all employees who may have contact with residents on how to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities and on relevant laws regarding the applicable age of consent. Employees receive PREA training through multiple courses: JCO On-job Training; Gender Responsive Training PowerPoint; PREA Training PowerPoint; Sexual Harassment Training Rosters; Modules 1-6 PREA Training Curricula; and provides all staff with Staff First Responder Cards. These training resources were provided to and reviewed by the Auditor and found to be very comprehensive and to include all required topics. Due to the extensive, multiple PREA training courses available and the annual training requirement for staff, the facility/agency exceeds the provisions of this standard. The auditor reviewed training records and signed acknowledgement forms for (42) employees confirming they had their initial and refresher training, annually. The agency has well-established training requirements that are tracked annually for compliance. Interviews with (13) random staff confirmed they were knowledgeable of the PREA training content and were able to articulate correctly the definitions of PREA, dynamics of sexual abuse and sexual harassment in juvenile facilities, common reactions of juvenile victims of sexual abuse and sexual harassment, how to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between residents, how to avoid inappropriate relationships with residents, and their responsibilities as a first responder. In addition to the staff training, the PREA Coordinator's office holds on-going quarterly training for facility PCMs. The auditor reviewed (6) training agendas and PowerPoints as well as attendance rosters. Interview with the agency's statewide PREA specialist confirmed that all PCMs are required to attend and take back the information to the facility level for dissemination to local staff.</p> <p>Based on the review and analysis of the evidence, and due to the extensive and comprehensive multiple PREA training courses required and the annual PREA training refresher requirement, the facility and agency exceed the provisions of this standard.</p>

	Auditor Overall Determination: Exceeds Standard
	<p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 2.2,14.3, and 23.1; 2.2 Attachment F; 14.3 Attachment C; Contractor (Medical) Background Verifications; Contractor/Volunteer Background Clearances; Contractor/Volunteer Training Records; List of Volunteers; Information Obtained from Interviews.</p> <p>115.332(a)(b)(c): Policy 23.1 establishes that the facility Director or designee shall</p>

	<p>ensure that all volunteers, interns, and contractors who have contact with youth at the facility have been trained on their responsibilities under the agency’s sexual abuse prevention, detection, and response policies and procedures. Policy 23.1 also establishes that the level and type of training provided to volunteers, interns, and contractors is based on the services they provide and their level of contact with youth. All volunteers, interns, and contractors that do not provide direct services or services on an ongoing basis to youth will be informed of the agency’s zero-tolerance policy regarding sexual abuse and sexual harassment and how to report sexual abuse. Volunteers complete the online PREA training and Policy 14.3, Citizen and Volunteer Involvement, Attachment C, Volunteer/Guest Consent, and PREA Acknowledgement. Contractors and Interns must complete PREA training as required by Attachment G, PREA Training Series previously outlined in 115.331. The HUB E-learning System tracks PREA Training. The on-site Training Coordinator verifies that all staff completed the required training according to the level of contact and within the established time frames. The auditor reviewed (10) contractor, (2) service contractor, and (7) volunteer records and all contained documented training and a signed PREA acknowledgement form, indicating their understanding of the zero-tolerance policy. Interviews with (3) contractors and (1) service contractor confirmed their awareness of the agency's zero tolerance for sexual abuse and sexual harassment, and their duties and responsibilities should they become aware of an incident. The contractors and volunteers receive the same comprehensive training annually that the staff is required to take, which is above and beyond the requirements of this standard.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard and exceed provision (b) of this standard by ensuring that interns and volunteers receive the same comprehensive training as staff.</p>

	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 13.32, 15.4, 18.30, 23.1, and 22.1; 22.1 Attachment C; 23.1 Attachment H; Female Break the Silence Poster English/Spanish; Male Break the Silence Poster English/Spanish; Training Curricula End Silence, Youth Speaking Up About Sexual Abuse in Custody; Intake Flyer English/Spanish; Youth Safety Pamphlet (PREA); PREA Poster; Youth Poster No Means No English/Spanish; Video: PREA Youth Education; Commissioner's Video; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.333(a)(b)(e): Policy 23.1 establishes during the intake process, youth will receive age-appropriate information explaining the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents of</p>

sexual abuse and sexual harassment. Based on an interview with the Intake Officer, within the first two hours after arrival, each youth is shown the Commissioner's Video on sexual abuse prevention and given the intake packet, which includes PREA handout materials in an age-appropriate format. The Agency PREA Coordinator authorizes all materials used during orientation and during the comprehensive training. The auditor reviewed the training and informational literature and curriculum used to convey the PREA message to youth and found it comprehensive and age-appropriate. The youth are allowed and even encouraged to ask questions about the video and information provided and is asked to sign the PREA Acknowledgement Statement (Attachment H) documenting this orientation has occurred. The auditor reviewed the Commissioner's Video and the informational handouts, available for both genders and various age ranges. The facility indicates that (214) residents were received in the past 12 months, and all received the required information at intake. Policy 23.1 establishes within 72 hours of the intake process, the facility will provide a comprehensive age-appropriate orientation to youth, with the staff advising youth of the right to be free from sexual abuse, sexual harassment, and retaliation for reporting such incidents. The facility indicates that (151) residents received the comprehensive PREA training within 72 hours of arrival. The materials inform the youth of the agency's protocol for responding to such incidents. The auditor reviewed records for (22) youth and found signed Youth Acknowledgement Statements verifying that residents received and understood the age-appropriate orientation on the date of arrival. Of these records, all youth received comprehensive PREA education within 10 days of arrival. All youth are informed during their initial meeting with a counselor about the emotional support services that are available to them using an outside community resource; signed training records for (82) youth documented the PREA education is provided to youth within 10 days of their arrival. These signed Acknowledgement Statements are scanned into the youth's JTS file. Interviews and documentation revealed that the facility exceeds this standard due to youth being provided initial education within (2) hours of arrival; a comprehensive education within 24 hours of arrival; the comprehensive education by either the counselor or education within 72 hours of arrival; residents who are housed longer than 45 days are enrolled in an additional comprehensive PREA group; and youth are periodically required to take a PREA booster class. Interview with the PCM and counselor confirmed that any youth involved in a PREA incident will be re-educated. A mock education session was provided for the auditor by the PCM. It was explained that the initial comprehensive education is provided in a one- on-one setting and that the PREA class is a group setting provided by education. Providing the education one-on-one allows the staff to ensure the youth understands the information being provided and any learning disabilities or other comprehension barriers can be addressed. Interviews with residents confirmed they were informed of the zero-tolerance policy and how to report incidents of sexual abuse or harassment during intake upon arrival at the facility. They were well informed on their rights to be free from sexual abuse and sexual harassment while at this facility, and the various methods that could be used to make reports including by phone, in person, verbally, in writing, or using a third party. All interviewed youth stated that they have contact with a friend or relative on the outside regularly and understood that they could have them make a report

on their behalf. These interviews further confirmed that they were aware of the emotional support services in the community that are available to victims of sexual abuse. They all understood that they can safely make a report and participate in an investigation without being retaliated against. The facility maintains documentation of each youth's participation in the orientation, and the facility case manager documents the youth's participation of the comprehensive education in the youth's record within the computerized management system, JTS.

115.333(c): Between December 17, 2012 - December 19, 2012, the designated PREA training was delivered to all youth housed at a DJJ facility and documented by signed PREA Acknowledgement Forms as a baseline for the agency's initial PREA roll-out. The same intake and orientation process is repeated each time a youth transfers from another facility.

115.333(d): Policy 23.1 establishes that education staff will provide youth under the Individuals with Disabilities Education Improvement Act (IDEA 2004) equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment as outlined in Policy 13.32, Special Education Services. In addition, accommodations will be made following Policy 15.10, Language Assistance Services, to ensure that youth who are limited English proficient (LEP), deaf, or disabled can report sexual abuse to staff directly, through interpretive technology, or non-youth interpreters. Interview with the PCM and Special Education Teacher confirmed that accommodations will be made for any youth as required. There were no youth at the facility within the audit period who had a hearing or vision disability. Youth with learning or cognitive disabilities are worked with one-on-one to deliver the training in a manner to ensure their understanding. There have been no LEP youth at the facility within the audit period.

115.333(f): Policy 23.1 establishes that the facility Director will ensure key PREA information is continuously available or visible to youth through posters, student handbooks, or other written formats. The Auditor observed the "Break the Silence" poster, "No Means No" poster, and "Zero Tolerance How-To-Report" poster placed throughout the facility in readily accessible and conspicuous locations. Additionally, handout literature was observed in the library, education, and staff offices. Conversations with youth and staff confirmed that these posters are posted at all times and not just because of the audit. They explained that if someone removes a poster that another will be posted right away. The PCM stated she monitors these postings on a regular basis to ensure they remain accessible.

Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.

115.334	Specialized training: Investigations
	Auditor Overall Determination: Exceeds Standard

	<p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 8.42; 22.1, 22.3, and 3.22; 3.22 Attachment B; GBI Evidence Protocol; GBI Operations Support; Investigations: Modules 1-6 Investigation Training; PREA Training Matrix; DOJ Letter - Investigator Training Requirements; List of PREA Investigators; Investigator Training Records; Information Obtained from Interviews.</p> <p>115.334(a)(b)(c): Policy 23.1 establishes that the Office of Investigations will receive specialized training as required by PREA standards. Specialized training includes techniques for interviewing juvenile sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or referral to the District Attorney's Office for prosecution following Policy 22.3, Internal Investigations. All PREA investigators must complete the National Institute of Corrections (NIC) online training "PREA: Investigating Sexual Abuse in a Confinement Setting" within 60 days after the hire date. The DJJ Office of Investigations has a PREA Investigative Unit to Investigate PREA allegations statewide comprised of a Team of five investigators and an investigator supervisor. The auditor reviewed the training records provided for all (6) investigators to indicate their completion of basic PREA and annual refresher training and certificates documenting their completion of the NIC investigator's training.</p> <p>Interviews with the PREA Investigation Unit Supervisor and with a unit assigned investigator confirmed that all Investigators in the unit have the required specialized investigations training and additional specialized training including Fundamentals of Criminal Investigations, Interviews and Interrogations, Commercial Exploitation of Children, Child Sexual Abuse Prevention, PREA Management Training, Sexual Assault Investigations, Crime Scene Processing, Responding to Sexual Assaults, Victim Assistance Training, Investigation and Prosecution of Child Abuse, Investigation and Prosecution of Child Abuse, Investigations of Crimes Against Children, and Crime Scene Photography. The extensive training received by the PREA Unit Investigative Team is above and beyond the minimum requirements of this standard and therefore exceeds provision (b). Additionally, (14) additional investigators of the Office of Investigations received specialized training as confirmed by auditor's review of the certificates provided.</p> <p>115.334(d): The agency is responsible for conducting investigations related to sexual abuse; therefore, the facility meets this standard through non-applicability.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard and exceeded provision (b).</p>

115.335	Specialized training: Medical and mental health care
	Auditor Overall Determination: Meets Standard

	<p>Auditor Discussion</p> <p>Evidence Reviewed: Policy 23.1; List of Medical Staff; List of Mental Health Staff; Augusta Medical College Contract; NIC PREA Certificates; PREA Training Matrix; Training Records; Information Obtained from Interviews.</p> <p>115.335(a)(c): Policy 23.1 establishes that the Office of Medical Health Care Services full, part-time, and all contract staff is required to complete the National Institute of Corrections (NIC) online training PREA: Medical Health Care for Sexual Abuse Victim in a Confinement Setting, and the Office of Behavioral Health Services full, part-time, and all contract staff is required to complete the NIC online training PREA: Behavioral Health Care for Sexual Abuse Victim in a Confinement Setting, within 60 days after hire date. Documentation of completion is maintained in the staff file for this training. There are (4) medical and (3) mental health staff who regularly work at the facility. The facility indicates that 100% of the medical/mental health staff have received the required training. Training records were provided for these staff, verifying they received the initial PREA and refresher training and the designated specialized training. The established training curriculum meets all topic requirements of this standard. Interviews with one mental health and one medical staff contractor confirmed they have received basic PREA training, are required to take refreshers annually, and have taken the specialized PREA training for medical and mental health.</p> <p>115.335(b): The facility/agency staff does not conduct forensic medical exams.</p> <p>Based on the review and analysis of the evidence, the facility and agency has demonstrated compliance with all provisions of this standard.</p>

115.341	Obtaining information from residents
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 11.1, 11.2, 12.10, 15.6, 17.1, 17.3, 23.1, and 23.3; PREA Screening Reports (PSR); Custody and Housing Assessments and Reassessments; PREA Screening Report User Guide; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.341(a): Policy 23.1 establishes that as soon as possible, but always within 72 hours of a youth's arrival to a facility, the PREA Compliance Manager will obtain and use information about each youth's personal history and behavior to reduce the risk of sexual abuse by or upon a resident. The facility Director, Lieutenant Level or higher designee, and PREA Compliance Manager review the PREA screening report to make the final determination of the youth's vulnerability to victimization. When a youth is admitted to a secure facility, the youth is screened for vulnerability to victimization and sexually aggressive behavior before room assignment. The PREA</p>

Compliance Manager reviews room assignments by staff to determine a youth's potential for victimization or predatory behavior and ensure that they are placed appropriately. All youth are afforded a single occupancy room. Policy 17.3 establishes that a Housing Assessment is completed for all youths before assigning them to a room. This assessment is used to determine the appropriate housing placement within the facility and is used for both assessment and reassessment. The Custody Assessment is used in conjunction with the Housing Assessment to ensure the safe placement of youth. Each facility completes the Custody (Security and Stratification) Assessment and the Housing Vulnerability Assessment for each youth upon admission and then again every 90 days or more often when required. The facility reported that (214) youth entered the facility (either through intake or transfer) within the past 12 months, whose length of stay in the facility was for 72 hours or more, and who were screened for risk of sexual victimization or risk of sexually abusing other residents within 72 hours of their entry into the facility. The auditor reviewed records for (60) youth and found that all had risk assessments completed within 72 hours of their admission to the facility and most being done within 24 hours of arrival, which exceeds this provision.

115.341(b)(c): Policy 23.1 states that youth vulnerability assessments will be conducted and documented by generating the PSR. The auditor reviewed the PSR form and the User Guide for completing the screening and found the instrument to be objective and to ascertain the required information delineated in this provision, including prior sexual victimization or abusiveness; any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex (LGBTI), and whether the resident may therefore be vulnerable to sexual abuse; current charges and offense history; age; level of emotional and cognitive development; physical size and stature; mental illness or mental disabilities; intellectual or developmental disabilities; physical disabilities; the youth's perception of vulnerability; and any other specific information about the individual youth that may indicate a heightened need for supervision, additional safety precautions, or separation from certain other youths. Interviews with the intake officer, medical and mental health, JDC, and PCM confirmed that all questions from the risk screening instrument are covered with each youth based on their assigned sections, the collective of information is computed to determine a youth's risk level.

115.341(d): Policy 23.1 establishes that the youth's information will be ascertained through conversations with the youth during the intake process, Mental Health Screening, Medical Screening, Nurse Health Appraisal, Medical Physical Examination, education documentation, and other relevant documents from the youth's files or Juvenile Tracking System (JTS). Information from the screening and other resources is populated into the youth PSR. Interviews with the PREA Coordinator, PCM, JDCs, medical staff, and behavioral health staff confirmed that information is entered into the system at each level of interview and assessments conducted upon the youth's arrival to a facility, to include information obtained from reviewing court records, case files, and behavior records, which collectively produces the PSR and subsequently determines the youth's risk for sexual vulnerability or aggressiveness.

	<p>115.341(e): Policy 23.1 establishes that the facility will control the dissemination of the youth's information by complying with all applicable disclosure requirements and instructions from the PCM. The dissemination of information ensures that sensitive information is not exploited to the resident's detriment by staff or another resident. During staff interviews, the auditor confirmed that all staff is aware of the sensitivity of this information and the need to distribute it to only those parties with a need to know, and as dictated by policy or situation requirements. During interviews with youth, the auditor observed that they felt comfortable talking to staff and believed that sensitive information would not be exploited.</p> <p>Based on the review and analysis of the evidence, the facility is compliant with all provisions of this standard.</p>

115.342	Placement of residents
	<p>Auditor Overall Determination: Exceeds Standard</p> <p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 15.11, 17.3, 18.4, 23.1, and 23.3; 23.3 Attachment A; 23.3; PREA Accountability Statement; PSR; SOGIE Form; Custody & Housing Assessments & Reassessments; Transgender Declaration Preference Form; Observations During Site Visit; Information Obtained During Interviews.</p> <p>115.342(a): Policy 23.1 establishes that the PCM will disseminate the PREA Screening Report (PSR) results to the facility management team on a need-to-know basis. An interview with the PCM confirmed she had implemented a system that ensures that staff members working directly with the youth are advised of the status of at-risk youth or youth posing a risk to others. The facility treatment team members and program and supervising staff continually review the youth's adjustment within the facility. All information obtained during these reviews is used to make housing, bed, program, and work assignments to keep all youth safe from sexual abuse. Interviews with programming and security staff confirmed that staff works closely together to communicate and share necessary information that can impact the safety of youth and staff at the facility. The auditor reviewed a sample of the Custody and Housing Assessments for (4) youths, which is used in combination with the information obtained from the PSR, to assess the housing and placement needs of the youth initially and periodically. These are conducted at least every 90 days.</p> <p>115.342(b)(h)(i): Policy 23.1 states that youth may be isolated from others only as a last resort when less restrictive measures are inadequate to keep them and other youth safe, and then only until an alternative means of keeping all youth safe can be arranged. If a youth is isolated for safety reasons, the facility shall clearly document the basis for the facility's concern; the reason(s) why no alternative means of separation can be arranged; and a weekly determination of whether there</p>

is a need for continuing separation from the general population. The facility indicated on the PAQ and during interviews that no residents at risk of sexual victimization were placed in isolation. Interviews with medical and mental health staff confirmed that they make rounds at least once daily, if not more frequently, for any youth in isolation status, regardless of the reason. As there were no youth placed in isolation for sexual safety purposes, no documentation was available for review. However, interviews with the facility Director, PCM, security staff, and JDCs confirmed that youth would not be denied any services during isolation status, but if exigent circumstances existed where services were unable to be provided, they would be appropriately documented. The facility indicated on the PAQ and during interviews that no residents were placed in isolation status for being at risk of sexual victimization during the audit period.

115.342(c): Policy 23.1 establishes that each youth in a secure facility will be housed based on their custody and housing assessment. Custody and housing assignments are not based solely on the youth's sexual orientation or gender identity. Housing, bed, program, education, and work assignments are based on information obtained from assessments and screenings. The facility makes individualized determinations about how to ensure the safety of each youth. LGBTI youth are not placed in particular housing, bed, or other assignments solely based on such identification or status, nor does the facility consider LGBTI identification or status as increasing the risk of being sexually abusive. When transgender youth is requesting to be housed with the sex that's of their preference, the Treatment Team meets and consults with Victim Services and Regional Administrator to make determinations for housing and programming. Information collected on the SOGIE form and the Transgender/Intersex Declaration Preference form is taken into consideration and the committee meets with the resident. Determinations are documented into JTS according to policy 23.3 under facility progress notes on housing decision for that youth. Based on file reviews of (11) youth, including 1-transgender the Auditor has determined that the facility now makes individualized determinations about how to ensure the safety of each youth.

115.342(d)(e)(f)(i)(g): Policy 23.1 establishes that when assigning a transgender or intersex youth to a male or female facility, staff considers on a case-by-case basis whether a placement would ensure the youth's health and safety and whether the placement would present management or security problems. Such placements and programming assignments are reassessed monthly, or sooner if necessary, to review any threats to safety experienced by the youth. Serious consideration is given to the youth's views concerning their safety. Interviews with the PREA Coordinator, Classification Director, Director, PCM, JDCs, and medical and behavioral health staff confirmed that each youth is assessed individually and given a treatment plan that considers all information available to staff and the youth's own perception of safety and needs when making decisions about where they will be housed. Policy 23.3 further establishes that placement and programming assignments for transgender or intersex youth will be reassessed at least every 30 days, or as needed, based on the safety and well-being of the youth, by the PCM and the facility leadership team in consultation with the youth's treatment team to

	<p>review any threats to safety experienced by the youth. Policy 23.1 directs that changes in youth's housing placement should not be based solely on the youth's gender identity but on the youth's safety and well-being. All housing decision reviews are documented in JTS. Since policy requires that transgender or intersex youth be reassessed at least every 30 days, this exceeds provision (e), which requires the reassessment to occur at least twice yearly. Transgender and intersex youth will be allowed to shower separately from other youth if requested, based on interviews with staff. However, showers are managed so that only one youth at a time occupies the shower. The auditor reviewed the file for one transgender youth who was housed at the facility during the audit. The Transgender/Intersex Declaration of Preference Statement, interview with youth, and interviews with the treatment team members confirmed that the youth's own perception of safety and preferences were taken into consideration while making programming and housing decisions.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard. Additionally, the facility and agency exceed provision (e) by requiring programming and placement reassessments of transgender and intersex youth monthly, which exceeds the twice-per-year requirement of the standard.</p>

115.351	Resident reporting
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 8.5; 15.2, 15.3, 15.4; 15.5, 15.6, 15.7, 15.9, 17.1, 23.1, and 17.1 Attachment A; Ombudsman Call Report; Consular and Trade Offices Contact Information/Manual; Outside Advocacy Services Pamphlet; See Something Say Something Pamphlet; MOU: DJJ and Children's Advocacy Centers (CAC); Third-Party Tip Line Pamphlet; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.351(a): The DJJ provides multiple internal ways for youth to report sexual abuse, retaliation by other youth or staff for reporting sexual abuse, and violation of responsibilities that may have contributed to an incident of sexual abuse that is easily understood, private, and secure. Youth assigned to a secure facility may report sexual abuse or seek relief against retaliation by completing a Help Request Form; using the grievance process; telling a counselor, community case manager, medical or mental health staff, Director or Assistant Director, Parent/Guardian, Chaplain or Minister, facility PREA Compliance Manager, or any trusted adult; calling the external toll-free number to the National Sexual Abuse Hotline; Calling the DJJ Office of Victim Services, toll free at 1-866-922-6360; writing to the DJJ Ombudsman Office at the Central Office or calling toll free at 1-855-396-2978. Written correspondence is also an acceptable avenue for residents to report sexual abuse</p>

and harassment outside the facility and agency. To comply with the standard, the facility ensures that youth's correspondence addressed to the designated external reporting entity remains unopened. The auditor observed multiple postings throughout the facility, in common areas, and in each housing unit, which included these various reporting methods. In addition to signage, reporting method information is available through pamphlets, the resident handbook, and other written material. The auditor reviewed a call report from the Ombudsman Manager, indicating their office received no PREA-related reports within the prior 12 months. The auditor's test of the phone system found the phones were in working order and gave specific prompts to reach the various entities where the caller could make a complaint. The auditor completed a successful call to the Ombudsman's Office, Victim Services Office, and RAINN. Residents are not charged for calls to these offices, and the caller may remain anonymous if they choose. Interviews with youth confirmed they were knowledgeable of the variety of ways they could make a report of sexual abuse and harassment.

115.351(b): DJJ provides multiple ways for residents to report abuse or harassment to a public or private entity or office not part of the agency. These resources include Victim Services Office, CAC Child Enrichment, Ombudsman, and the National Sexual Assault Hotline. Policy 23.1 establishes that the facility shall give youth mailing addresses and telephone numbers (including toll-free hotline numbers) for agencies providing immigrant services for youth detained solely for civil immigration purposes and enable reasonable communication between youth and the organizations as confidential as possible. The methods established for this purpose include calling the external toll-free number to the National Sexual Abuse Hotline; Calling the DJJ Office of Victim Services, toll-free at 1-866-922-6360; writing to the DJJ Ombudsman Office at the Central Office or calling toll-free at 1-855-396-2978. As a part of civil immigration resources, the facility maintains a copy of the United States Department of State Consular Notification and Access book, which was provided to the auditor for review along with contact information. The auditor verified this information is made available at the facility for youth who are non-citizens. The facility also has a pamphlet with the toll-free number for the U.S. Immigrations and Customs Enforcement (ICE).

115.351(c)(d): Policy 23.1 establishes that all Facilities/Programs/Offices shall comply with DJJ 8.5, Special Incident Reporting when reporting sexual abuse and sexual harassment, including verbal, anonymous, and third-party reports, occurring on DJJ or DJJ-contracted property. Policy 8.5 states that all staff, volunteers, interns, and contractors having first knowledge of an incident or receiving a report of an alleged incident will report immediately as outlined in the specific protocols and follow up with a written report (SIR). The staff member filing the SIR will verbally report the incident to their immediate supervisor. The staff member will record the supervisor's name on the SIR as being notified of the incident. The staff supervisor will provide a verbal report to the facility Director or designee as soon as possible when the incident includes a situation alleging any PREA-related incident, including allegations of sexual harassment and retaliation. Random staff interviews with (13) staff confirmed all were aware that they would accept reports made verbally, in

writing, anonymously, and from third parties and prompt notification would be made to their supervisor with the report being put into an SIR before their shift ended. The auditor's review of Policy 15.4 and interviews with staff confirmed that youth can possess writing utensils.

115.351(e): The agency has established procedures for staff to privately report sexual abuse and sexual harassment of residents by using the Stop Crime Online, the Intelligent Tip Line Form, or a third-party private reporting method to report sexual abuse, sexual harassment, and retaliation. Staff is informed of these procedures through policy and training. The auditor completed a test of the Tip Line by completing the online form and an intel officer responded promptly and explained any PREA complaints received through the TIP Line would be forwarded to the Office of Investigations PREA Unit. DJJ honors all anonymous third-party private reporting. Inquiries and complaints may also be submitted to DJJ Ombudsman's office by email at djjombudsman@djj.stat.ga.us or by calling 1-855-396-2978. The auditor placed a call to the Ombudsman's Office and sent an email. The call was returned and the email was responded to promptly. The manager explained that the email and phone is monitored 8:00 a.m.-4:30 p.m., Monday-Friday. Staff interviews confirmed they are aware they may go outside of their chain of command should they feel it is necessary and privately report sexual abuse and sexual harassment of youth.

Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.

Policy 15.2 Grievance Process indicates a directive clarifying that any grievance that involves PREA shall follow the procedures in Policy 23.1, Prison Rape Elimination Act, rather than the procedures of Policy 15.2, Grievance Process. 	<p>Evidence Reviewed: Policies 15.11, 15.3, 15.5, 15.6, 15.7, 15.9, and 23.1; 23.1 Attachment F; 2021 CSEC Response Pamphlet; Consular and Trade Offices Contract Information/Manual; CSEC Response Contact Sheet and Comprehensive Assessment; First Responder Guide; Help Requests; Outside Advocacy Services Pamphlet; Staff First Responder Cards; Youth Consent to Disclose Protected and Confidential PREA Information; MOU Children's Healthcare of Atlanta; MOU Children's Advocacy Centers (CAC) Child Enrichment (Augusta); Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.353(a)(b): Policy 23.1 states that the facility will provide youth with access to outside victim advocates for emotional support services related to sexual abuse by providing, posting, or otherwise making accessible mailing addresses and telephone numbers, including toll-free hotline numbers where available, and for youth detained solely for civil immigration purposes, immigrant services agencies. During orientation at each facility, staff informs youth of the extent to which such communications will be monitored. The facility allows reasonable communication between the youth and these organizations in as confidential a manner as possible. Upon arrival at each DJJ facility, youth are advised that while in DJJ facilities, they are under constant supervision by staff and other electronic equipment. Youths are further advised that DJJ is required by law to report all allegations of abuse as mandatory reporters. Interviews with JDCs confirmed they will arrange an unmonitored phone call with an advocate if the youth requests. Contact information for all advocacy resources available to youth is posted on the housing units and other common areas. During the site review, the auditor observed posted signage throughout the facility with instructions, including phone numbers and mailing addresses, for civil immigration information, how to report sexual abuse and sexual harassment, access to outside victim emotional support services. The information was found to be readable and accessible, consistent, and placed throughout the facility to convey vital sexual safety information specific to the facility. Signage was posted in all areas frequented by persons confined in the facility, including housing units, multi-purpose room, education area, counselor's offices, medical, and</p>

recreational areas. Additionally, the signage was found to be of an age-appropriate reading level.

During resident interviews, all youth referred to the signage posted and were able to explain to the auditor about the availability of emotional support services. An interview with the designated administrative staff who handles mail explained that the youth may correspond by mail confidentially with their attorney, legal guardian, or an outside advocate. Youth explained they could write a letter to anyone on the outside and put it in the designated box for processing, although none has used the mail service. A request for envelopes, writing utensils, and paper can be made through any staff. They understood that they could talk with a mental health counselor at the facility, but also knew that there were child advocacy groups available in the community for their use as well. DJJ does not house youth who may be held for civil immigration purposes. The outside emotional support service contract is accessed by the resident making a request through staff at the facility or by contacting the Ombudsman's Office. The auditor successfully placed a call to the Ombudsman's Office and confirmed that they would facilitate putting a resident in contact with advocacy services upon request. Interviews with medical and mental health staff, case workers, PCM, and the Director confirmed that staff informs youth during intake and before giving them access to outside support services of the mandatory reporting rules governing privacy, confidentiality, and privilege that apply to disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant federal, state, or local law. All youth were aware that disclosure of any kind of abuse would have to be reported by staff. The auditor contacted the Child Enrichment Advocacy Center in Augusta and spoke with the Executive Director. She explained that a designated staff member would contact them directly if their services were needed. We reviewed the services outlined in the MOU and the Executive Director confirmed that these services are available. She also stated there had been no request for services within the audit period. Any special accommodations to ensure communication (Deaf or hard-of-hearing, Blind or have low vision, cognitively or functionally disabled, limited English proficient, non-English speaking, and/or have limited reading skills) would be arranged by the DJJ.

115.353(c): Policy 23.1 states that each facility must establish an MOU with the nearest Rape Crisis Center to offer youth the required services. DJJ partners with Georgia's Commercial Sexual Exploitation of Children (CSEC) for advocacy services statewide. As the CSEC Response provider for the state of Georgia, the CSEC Response Team, a program of the Children's Advocacy Centers of Georgia (CAC), provides direct services for victims in the form of assessment, intensive case management, and advocacy; and facilitates training and outreach to help build infrastructure and community capacity at their 52 child advocacy centers. The Child Enrichment Advocacy Center of Augusta is the designated provider for this facility for emotional support services. DJJ also partners with Children's Healthcare of Atlanta, Stephanie V. Blank Center, a child advocacy service providing comprehensive medical and forensic evaluations, behavioral health assessments and counseling, and medicine and distance learning. In addition, the National Sexual Assault Hotline (RAINN) will provide phone counseling services through the posted

	<p>hotline number. Youth interviewed by the Auditor knew about these services and how to access them.</p> <p>115.353(d): The facility provides youth with reasonable and confidential access to their attorneys or other legal representation and their parents or legal guardians as instructed in Policy 15.3, Youth Access to Courts and Counsel; Policy 15.5, Youth Visitation; Policy 15.6, Access to Mail; and Policy 15.7, Access to Telephone and corroborated during interviews with the facility Director, PCM, case managers, and Regional Administrator.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

DJJ honors all anonymous third-party private reporting. Inquiries and complaints may be submitted to DJJ Ombudsman's office by email at djjombudsman@djj.state.ga.us or by calling 1-855-396-2978. In addition, this information is found on postings at the facility's main entrance and in visiting areas, as well as on the agency's public website. The TIP-Line was set up to provide another channel for reporting sexual abuse, sexual harassment, staff misconduct and policy violations. Information shared on the DJJ TIP-Line can include victims' names and identify their alleged assailants, so the TIP-Line can actually result in arrests and prosecutions. If our staff or public partners have something important to report and they want to keep it anonymous, all they have to do is fill out the email form on the TIP-Line site. The auditor placed a test call from the facility housing unit phone, from outside the facility, and sent an email directly to the ombudsman's office, and completed the TIP form. The hotline was answered by an automated system with a prompt to leave a message. The auditor received confirmation that the test by all methods was received, and had it been an actual report, would have been sent directly to the Office of Investigations, PREA Unit. 	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 8.5, 8.9, and 23.1; 8.5 Attachment B; 8.5 Attachment J; Georgia Child Protective Services Memo; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.361(a): The facility requires all staff to report immediately, following policies 8.5 and 8.9, any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility or contract program, retaliation against youth or staff who reported such an incident, and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. All staff and practitioners must report sexual abuse to designated supervisors or the PREA Unit Field Supervisor. Interviews with (13) random staff, and (3) supervisors confirmed they were all aware of the agency's requirement to report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility. Additionally, they understood this includes any retaliation, staff neglect, or violation of responsibilities that may have contributed to an incident or retaliation. All staff and practitioners must report sexual abuse to designated supervisors or the PREA Unit Field Supervisor.</p> <p>115.361(b)(d)(e): Policy 8.9 establishes that the DJJ shall utilize a standardized process for reporting and responding to child abuse allegations. All suspicions of child abuse, child neglect, youth-on-youth sexual penetration, youth-on-youth sexual contact, penetration by staff/contractor/volunteer/intern, and staff/contractor/volunteer/intern sexual contact involving any DJJ youth shall be reported immediately in compliance with Georgia law. Any sexual contact between staff and youth, regardless of whether it is consensual, is prohibited and is subject to administrative sanctions and criminal prosecution. Policy 23.1 establishes that upon receiving an allegation of sexual abuse, the facility Director or designee will promptly report the allegation to the appropriate agency office and the alleged victim's parents/legal guardian; unless the facility has official documentation showing the parents/legal guardians should not be notified. If a youth is under the guardianship of the Child Welfare System, the report shall be made to the alleged victim's caseworker instead of the parents or legal guardians. If a juvenile court retains jurisdiction over the alleged victim, the facility Director or designee shall report the allegation to the youth's attorney of record within 14 days of receiving</p>

the allegation. Medical/mental health staff will report all allegations of abuse/harassment to designated supervisors. Interviews with the Medical Director, Nurse Manager, and a mental health professional confirmed that limitations of confidentiality is explained prior to each assessment and session; as a mandatory report, they are required to report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment to a designated supervisor or official immediately upon learning of it. When completing the required SIR, all staff must complete the JPPS/Court notified and Parent/Guardian notified sections. According to Policy 8.9, reportable incidents to the Department of Family and Children Services (DFCS) must be made within 24 hours. An interview with the facility Director confirmed that upon notification of a sexual allegation, he will notify the Regional Administrator, DJJ PREA Investigations Unit, The Department of Family and Children Services (DFACS), and the Georgia Mandated Reporter Form will be completed. Additionally, the youth's parent or legal guardian will be notified in accordance with DJJ policy. He further stated if a juvenile court retains jurisdiction over the victim, the allegation would be reported to the juvenile's attorney or other legal representative of record. The (2) cases investigated during the audit period were youth-on-youth sexual contact and both incidents were reported to DFCS according to mandatory reporting requirements. In cases where youths reported prior sexual abuse, notification was made according to the state's mandatory reporting laws. The facility Director also explained that these allegations would be reported immediately, but never more than 24 hours. During an interview with the PCM she explained that as mandatory reports a Child Abuse Reporting Form is completed once staff learns of an incident and a call is made to DFACS as well as a call and email is sent to the Office of Investigations. Parents and legal guardians are notified unless there is official documentation that they should not be. If the victim is under the guardianship of the child welfare system the youth's caseworker would be notified within 24 hours; and the juvenile's attorney or other legal representative would be notified within 14 days if the juvenile court retains jurisdiction.

115.361(c): Policy 23.1 establishes that staff is prohibited from revealing any information related to a sexual abuse report to anyone other than to make treatment, investigation, and other security and management decisions, and all staff interviewed were knowledgeable of this requirement. In addition, policy 8.5, Attachment J provides a specific Chain of Command Notification list and protocol for incidents to ensure the parties who need to be made aware of an incident are notified. Random staff and supervisory staff interviewed were well trained on the prohibition to share information related to a sexual abuse report to anyone outside of the need-to-know parameters and understood there would be disciplinary consequences if they violated this policy.

115.361(f): All allegations of sexual abuse on DJJ property, in DJJ custody, or a residential program contracted by DJJ, including third-party and anonymous reports, must be reported to and will be administratively and criminally investigated by the DJJ Office of Investigations. The (2) allegations were referred for investigation. The auditor confirmed all third-party reports will be forwarded directly to the PREA Investigations Office during an interview with the facility Director.

	Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.

Staff will ensure that youth who make such notifications are protected by utilizing the least restrictive alternative and that the situation is addressed as soon as possible. The facility reports that no instances were reported that a resident was subject to a substantial risk of imminent sexual abuse. Interviews with the Director, PCM, and other staff confirmed that upon notification that a youth may be at risk of harm from others, they would immediately be taken to a safe location or secured in their rooms until the threat could be assessed and resolved in the most appropriate means. Each youth is afforded a single occupancy secure room. An interview with the agency head found that when a resident is subject risk of imminent sexual abuse, the facility is trained to respond immediately, with no delay, make an initial assessment which includes speaking with the youth. This assessment will determine if a change in housing, facility, treatment, or services provided is needed. In the interim, the PREA Compliance Manager will monitor the situation. The initial assessment, which includes speaking with the youth, will determine if there should be changes in housing, facilities, treatment, and services. The facility Director explained that a notification of the threat will immediately be made to the Regional Administrator and a request for transfer the youth to another facility will be made if the youth cannot be housed safely at the current facility. The youth will be separated from the threat, mental health will be notified, medical will be notified, and the shift will be briefed on the situation. The (13) random staff and (3) supervisory staff explained that they would separate the youth from the danger and secure them in either their room or in a staff area under direct staff supervision awaiting further direction from the facility Director. Staff are trained to respond to reports of substantial risk of imminent sexual abuse immediately. The facility will document that it has provided the required notification. The facility indicated that they had not received an allegation that a youth was abused while confined at another facility. An interview with the facility Director confirmed there had been no allegations reported of this nature, but if a report is received then he would notify the Director of the other facility and the Office of Investigations.</p> <p>115.363(d): The agency policy requires that allegations received from other agencies or facilities are investigated following the PREA standards. The facility indicated that no allegations were received from other facilities claiming sexual abuse or sexual harassment occurred at this facility. allegation will take immediate action to protect and ensure the victim is safe and separate the alleged victim and perpetrator; obtain basic information such as where the incident occurred and who may be involved, but will not ask any other questions; preserve and protect the crime scene, if applicable, until appropriate steps can be taken to collect any evidence; request that the alleged victim, and ensure that the abuser, does not take any actions that will destroy physical evidence, including washing, brushing teeth, changing clothes, urinating, defecating, drinking, eating if the abuse occurred within a period that still allows for the collection of physical evidence; and, if the first staff responder is a non-direct care staff member, ensure the victim is safe and instruct the victim and perpetrator not to take any actions that will destroy physical evidence and then immediately notify direct care staff. The facility indicated (2) sexual abuse allegations were made during the audit period and the auditor determined that the incidents were responded to immediately upon the receipt of the report and the response was consistent with agency policy in both cases. The auditor interviewed (13) random staff (9-security/4-non-security) and asked them to explain what they would do if they were the first person to learn that a youth has allegedly been the victim of sexual abuse. All (13) staff were able to walk the auditor through the first responder steps as outlined in the DJJ 23.1 policy and according to the training they have received from the agency. They all knew to keep the alleged victim separated from the alleged perpetrator and how to preserve/protect evidence. All said that they would immediately notify the security supervisor on duty and then get the victim to medical. While the agency provides staff with 1st Responder Pocket Cards, none of the staff interviewed needed to refer to the card while explaining their responsibilities.

After a resident reports alleged sexual abuse or</p>

	<p>sexual harassment, designated staff must complete the Attachment L, PREA Retaliation Monitoring Sheet. The facility treatment team members and shift supervisors will continually review the youth's adjustment within the facility and document their findings. Monitoring for retaliation shall start immediately once an allegation of sexual abuse or sexual harassment has been made. Policy 23.1 further establishes that retaliation monitoring shall last at least 90 days. Monitoring termination can only occur before 90 days if the investigation has determined that the allegation is unfounded, or the person (youth/staff) is no longer at the site. Monitoring can occur beyond 90 days if there is reason to believe retaliation or fear is an ongoing concern or if there are any extenuating circumstances. The PCM is the designated retaliation monitor for the facility, but all of the Treatment Team will participate and provide information during the monitoring period. An interview with the PCM confirmed that during monitoring the conduct and treatment of a resident or staff who reported sexual abuse and sexual harassment is observed; she monitors for disciplinary reports, housing or program changes, or any negative performance reviews. With staff, she will monitor for any reassignments of duties. An interview with the Agency Head confirmed that the PCM is the designated staff at each facility responsible for monitoring retaliation; if local staff cannot conduct the monitoring, the PREA Coordinator or Victim Services Director will conduct the monitoring. She further said that during the monitoring, if any retaliation is suspected, any party involved in inciting fear among staff or youth will be removed and investigated. The facility Director explained that measures taken to protect youth from retaliation might include housing changes, transfer to another facility, increased CCTV monitoring, instituting a Special Management Plan, and no contact orders. The facility indicated (2) substantiated cases of sexual harassment. The auditor reviewed retaliation forms for all involved residents and found that all parties involved in the incident were monitored for retaliation for the appropriate timeframe and properly documented.</p> <p>Based on a review and analysis of the evidence, the facility and agency meets all provisions of this standard.</p>

115.371	Criminal and administrative agency investigations
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Evidence Reviewed: Policies 8.5; 22.1; 22.3; and 23.1; 115.371 PREA Accountability Statement; Specialized Investigation Training Certificates; 23.1, Attachment K, Requirements of a PREA Case; Investigation Case Files; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.371(a)(c)(d)(k): The agency has a policy related to administrative and criminal investigations. Multiple policies cover the procedures used to effectively ensure investigations are completed promptly, thoroughly, and objectively. Policy 23.1 establishes that all allegations of sexual abuse on DJJ property, in DJJ custody, or in a residential program contracted by DJJ, including third-party and anonymous reports, will be administratively and/or criminally investigated by the DJJ Office of Investigations. Investigations will be conducted following the agency's Policy 22.3, Internal Investigations, and Policy 8.42, Crime Scene Preservation. Policy 23.1, Attachment K, outlines the requirements of a PREA case and provides guidance for descriptions and definitions and the investigation requirements based on the type of allegation reported. Policy 23.1 also establishes that the departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation. The auditor conducted interviews with the Office of Investigations PREA Unit supervisor and the field investigations supervisor confirming that investigators gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data in the course of their investigation. Interviews are conducted with alleged victims, suspected perpetrators, and witnesses and investigators review prior reports and complaints of sexual abuse involving the suspected perpetrators. If the employee resigns or is terminated or if the victim/</p>

reporter recants the allegation, the investigation will still be completed by the Office of Investigations. There were (2) allegations of resident-on-resident sexual abuse investigated administratively. The auditor's review of the investigative files found that a prompt, objective, and thorough investigation was completed; video footage was retrieved and reviewed, and statements were gathered from youth involved and witnesses.

115.371(b) Agency policy requires sexual abuse allegations to be investigated by investigators who have received specialized training. Specialized training includes techniques for interviewing juvenile sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or referral to the District Attorney's Office for prosecution. Documentation of each investigator's training is maintained by the Office of Investigations. The Office of Investigations has a specialized unit to handle PREA investigations consisting of (5) investigators and (1) investigator supervisor. All (6) investigators have completed the NIC Investigating Sexual Abuse in a Confinement Setting training. Additionally, (14) additional certificates were provided for review to indicate that all investigators complete the specialized training. The auditor reviewed (2) investigative files and found that both cases were investigated by a specially trained investigator.

115.371(e)(g)(h)(i): Policy 23.1 establishes that the investigator will produce a final investigative report within the established timeframes for the completion of the investigation unless time is extended in writing by the Commissioner or designee. The final report will determine whether staff actions or failure to act contributed to the abuse, and the written report includes a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. DJJ employees are required to cooperate with investigative efforts and compelled interviews will only be conducted after consultation with prosecutors. When the quality of evidence appears to support a criminal prosecution, Investigators are required to submit the case for administrative action or referral to District Attorney's Office for prosecution. An interview with the Office of Investigations PREA Unit Supervisor confirmed that any substantiated allegations of conduct that appears to be criminal are referred to the District Attorney for prosecution. There were (2) substantiated resident-to-resident sexual abuse incidents investigated but neither met the criteria for prosecutorial referral.

115.371(f): Policy 23.1 establishes that the credibility of an alleged victim, suspect, or witness will be assessed on an individual basis and shall not be determined by the person's status as a resident or staff. The agency will not require a resident who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation. An interview with the PREA Investigations Unit supervisor and field investigations supervisor confirmed that credibility assessments for victims, suspects, and witnesses are being made based on the facts presented and not based on their status as a resident or staff. Documentation found in the investigative files corroborated this practice by investigators.

	<p>115.371(j): Policy 23.1 establishes that DJJ will retain all written investigations and SIRs as long as the alleged abuser is incarcerated or employed plus five years unless the abuse was committed by a juvenile resident and applicable law requires a shorter period of retention. This was further confirmed during an interview with the PREA Investigations Unit Supervisor.</p> <p>115.371(m): The DJJ Office of Investigations conducts its own investigations and outside agencies are not responsible for investigating sexual abuse that occurred within the facility.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

An interview with the Office of Investigations PREA Unit supervisor and the field investigations supervisor confirmed that the investigators use a preponderance of evidence standard when substantiating a case. Two allegations of resident-on-resident sexual abuse were investigated and closed within the audit period and auditor's review of the case files confirmed that a preponderance of evidence was used to substantiate the allegations.</p> <p>Based on the review and analysis of the evidence, the facility and agency has demonstrated compliance with this standard.</p>

The facility had (2) substantiated sexual abuse investigations and resident notifications were served to the victims in both cases. An interview with the facility Director and (2) investigators determined that once an investigation is concluded, the Office of Victim Services is responsible for generating the notification to the resident of the outcome. The auditor interviewed the Office of Victim Services Director and confirmed that a representative from their office makes the notification to the victim of the outcome of the investigation once they are notified that the case is closed.</p> <p>115.373(b): The DJJ Office of Investigations conducts all investigations, therefore, the facility meets this standard through non-applicability.</p> <p>115.373(c)(d)(f): The review of the Resident Notification of Investigation Outcome form, confirms that the facility notifies the alleged victim whenever the staff member is no longer posted within the resident’s unit; the staff member is no longer employed at the facility; the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. Termination is the presumptive disciplinary sanction for staff who has engaged in sexual abuse. Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) will be commensurate with the nature and circumstances of the acts committed, the staff member’s disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. All terminations for violations of agency sexual abuse or sexual harassment policies or resignations by staff that would have been terminated if not for their resignation</p>

	<p>would be reported to the appropriate law enforcement agency and any relevant licensing bodies unless the activity was clearly not criminal. There were no staff involved cases of sexual abuse or sexual harassment at this facility during the audit period, nor any violations of the policies relating to sexual abuse or sexual harassment. There were no volunteer or contractor cases involved cases of sexual abuse or sexual harassment or violations of related policies at this facility within the audit period. 	Evidence Reviewed: Policies 8.8, 23.1, and 16.05; 16.05 Attachment B, Behavioral

Infractions Grid; 115.378 PREA Acknowledgement Statement; Investigation Case Files; Observations During Site Visit; Information Obtained from Interviews.

115.378(a)(d)(f): Policy 23.1 establishes that youth will receive appropriate interventions if they engage in youth-on-youth sexual abuse. Decisions regarding which types of interventions to use in particular cases, including treatment, counseling, education programs, or disciplinary sanctions, will be made to promote improved behavior by the youth and ensure the safety of other youth and staff. Pre adjudicated youth will not be placed in a treatment program for sexually harmful behavior. The Director of the Office of Investigations refers youth for criminal prosecution when appropriate. The facility prohibits disciplinary action for a youth reporting sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation. The facility offers counseling services for youth with sexually abusive behavior, and these are not tied to any rewards-based behavior management system to access treatment.

115.378(b): Policy 8.8 governs the use of isolation for youth. Before placing a youth in isolation, every least-restrictive measure has been considered, and they cannot be held for more than four hours of continuous isolation. Youth in isolation will be observed, and behaviors documented at irregular 15-minute intervals or following any suicide precautions that are in place for the youth. A medical services staff shall be notified immediately when the youth requires isolation. Notification will include a verbal assessment of the youth to medical services staff. Behavioral health and nursing staff will evaluate the youth for clinical stability following each 4-hour reauthorization which will be documented in an Isolation Consultation progress note. Interviews with mental health and medical staff confirmed that visits to youth in isolation are performed at least daily but generally more frequently. The policy requires that youth have access to legally required educational programming, special education services, and daily large-muscle exercise. Interviews with the facility Director, PCM, JDCs, and security staff confirmed that youth placed in isolation are monitored strictly by the established policies, and they are allowed daily large-muscle exercises. The facility provided the Behavioral Infractions Grid used to determine codes and severity ratings of infractions and to determine sanctions appropriate to the offense.

115.378(c): Policy 16.5 establishes that the hearing officer will consider extenuating circumstances when imposing sanctions, such as age, mental condition, prior record of conduct, etc. If the youth is on the mental health caseload, his primary clinician should be present at the hearing to act as an advocate when possible. If it is determined that the youth cannot understand the proceedings or present a defense because of disability, the hearing officer will appoint a staff member to act as an advocate. An interview with the disciplinary hearing officer and behavioral health practitioner confirmed these procedures are implemented at the facility.

115.378(e): The agency uses the disciplinary procedure for sexual conduct with staff only upon finding that the staff member did not consent to such contact.

	<p>115.378(g): The agency uses the disciplinary procedure for consensually engaging in sexual activities. The facility provided Behavioral Infractions Grid indicating sexual activity among youth is prohibited and violates the facility rules. In addition, interviews with youth confirmed they are aware that any sexual activity is not permitted.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

Policy 23.1 establishes that if the youth discloses prior sexual victimization or sexual abuse during intake, medical/mental health screening, or health history, whether it occurred in a facility setting or the community, staff will ensure the youth is referred for medical and mental health services within 72 hours of the screening. Staff must address the youth's prior sexual victimization and document the youth's response in the JTS notes. The facility indicated that (59) youth reported prior sexual victimization upon intake into this facility. The PAQ indicates that 100% of those who reported prior victimization received a referral, an evaluation, and follow-up services where indicated and accepted. The auditor reviewed (24) evaluations for youth who reported prior victimization during the risk screening. The forms clearly documented the referrals and who was notified as a result of the information being disclosed. An interview with the Medical Director, regional nursing supervisor, and mental health staff confirmed that all referrals are evaluated within 72 hours of the screening. Youth interviews further confirmed that upon disclosure of prior sexual victimization to a staff member, they were seen by medical and then later were seen by mental health practitioner for an evaluation.</p> <p>115.381(c)(d): If a youth discloses prior sexual victimization or abuse during a medical evaluation, mental health assessment, or at any time, the staff will report the abuse according to Policy 8.9, Child Abuse Reporting. 	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Evidence Reviewed: Policies 2.10 and 23.1; 23.1 Attachment M; 23.2 Attachment A; 115.382 PREA Accountability Statement; Information Obtained from Interviews.</p> <p>115.382(a)(b)(c): Resident victims of sexual abuse receive timely, unimpeded access to emergency medical treatment and crisis intervention services. Policy 23.1 establishes that the facility Director will ensure that victims of sexual abuse, while confined, shall be offered timely information and access to emergency contraception and sexually transmitted infections prophylaxis, following professionally accepted standards of care where medically appropriate. If there is an allegation of a sexual assault within a 72-hour time frame, the youth will be sent to the emergency room to be examined and to have forensic evidence collected, STI labs done, and to provide emergency contraception. If beyond that time frame, the facility can screen for STIs and offer emergency contraception if within the required clinical time frame. An interview with the Regional Administrator, facility Director and the Medical Director confirmed that youth who report an allegation of sexual abuse will be transported Willis Memorial Hospital for treatment. An advocate from the nearest CAC will be dispatched to the local hospital to ensure that a SANE/SAFE examiner is available. The auditor corroborated by phone call to Willis Memorial Hospital that a youth confined to Wilkes RYDC would receive timely, unimpeded access to emergency medical treatment. An interview with the Regional Nurse Manager confirmed that youth would be offered timely information access to sexually transmitted infections prophylaxis at the local hospital, then the facility will provide follow-up treatments according to the physician's orders. These services will be provided timely and consistent with professionally accepted standards of care. No youth received emergency medical treatment for sexual abuse within the audit period. The two incidents reported within the audit period were of a nature that did not require a forensic medical examination. The youth involved in these incidents were no longer housed at the facility; however, the auditor reviewed documentation that confirmed they were seen by medical and mental health timely after the incident was report.</p>

	<p>115.382(d): Policy 23.1 and 2.10 collectively establish that forensic medical examinations and treatment services are offered without financial cost to the youth. This was further confirmed through interviews with the regional nurse manager and business manager.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

<p>115.383</p>	<p>Ongoing medical and mental health care for sexual abuse victims and abusers</p>
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>Evidence Reviewed: Policies 2.10, 23.1, and 23.2; NIC PREA Certificates Practitioner Credentials; List of Medical and Mental Health Staff; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.383(a)(b)(c)(f): Collectively, policies 23.1 and 23.2 establish that the facility will offer medical and mental health evaluation and appropriate treatment to all youth who have been victimized by sexual abuse (inside or outside the facility). Any youth believed to have been sexually assaulted shall be immediately referred to the onsite health care staff for initial screening. Appropriate first aid or emergency care will be provided, and then the youth will be sent to a hospital for further examination, treatment, and forensic evidence collection, as appropriate. Medical services staff will deliver follow-up care and treatment. Medical services staff must request the emergency room staff to evaluate the youth for sexually transmitted infection(s), perform a pregnancy test (if appropriate), and offer pregnancy prophylaxis. Policy 23.1 states that the Facility Director will ensure that victims of sexual abuse, while confined, shall be provided timely information and access to emergency contraception and sexually transmitted infections prophylaxis following professionally accepted standards of care, where medically appropriate. Medical services staff will provide appropriate follow-up care and treatment. The youth's physical and emotional status will be assessed at the follow-up appointment. The provider will review the records from the outside medical facility to determine if all medical aspects of the evaluation were completed. The facility has a staff of Qualified Mental Health Providers who provide ongoing assessments and treatment for victims of sexual abuse. Interviews with medical and mental health staff confirmed that evaluations and treatment of sexual abuse victims, including follow-up care, regardless of where the abuse occurred, will be provided to youth at a standard comparable to community service levels; additionally, when necessary, they will make referrals for continued care after the youth leaves the facility. Interviews with medical and behavioral health staff confirmed that evaluations, treatment, and referrals are offered timely and according to community level standards.</p>

	<p>115.383(d)(e): The facility houses male and female youth. The agency policy provides that female victims of sexual abuse will be offered a pregnancy test. If pregnancy results from sexual abuse while confined, the victim will receive timely and comprehensive information and access to all lawful, pregnancy-related medical services coordinated by the medical department.</p> <p>115.383(g): Policies 23.1 and 2.10 establish that forensic medical examinations and treatment services are offered without financial cost to the youth.</p> <p>115.383(h): The facility will conduct a mental health evaluation of all known youth-on-youth abusers within 72 hours of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners, based on policy review and interviews with mental health staff. This time frame exceeds the 60-day requirement of this standard. In addition, interviews with mental health staff confirmed that a behavioral health evaluation would be conducted with a known abuser within 24 hours of being notified and that youth who have a history of perpetrating sexual abuse receive an evaluation and are referred for treatment if the evaluation deems it necessary.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

115.386	Sexual abuse incident reviews
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>Evidence Reviewed: Policies 8.5 and 23.1; 23.1 Attachment J; 23.1 Attachment M; 115.386 PREA Acknowledgement Statements; Completed Sexual Incident Reviews; Information Obtained from Interviews.</p> <p>115.386(a)(b)(c): Policy 23.1 establishes that each facility and community residential provider will treat all instances of sexual abuse as critical incidents to be examined by the PREA Incident Review Team. The PREA Incident Review Team will include upper-level facility management staff, with input from line supervisors, investigators, and medical services staff or mental health practitioners. After every sexual abuse investigation concludes, unless unfounded, an incident review will be conducted. There were (2) substantiated allegations of resident-to-resident sexual abuse investigated during the audit period. SIRs were completed for both allegations, immediately, following the investigation closure. DJJ policy requires the reviews be conducted within 10 days after notification that the investigation is closed; therefore, the facility/agency exceeds this standard by conducting the reviews more timely. The review team members consist of the facility Director, Assistant Directors of Security and Programs, Captain, Mental Health, HSA, Lieutenant, and JDCs.</p>

	<p>115.386(d)(e): The Sexual Abuse Coordinated Team Response (23.1, Attachment M) provides directions consistent with the requirements of this standard for the Incident Review Team. The Auditor reviewed the Sexual Abuse Incident Review Team Meeting Minutes (23.1, Attachment J), which provides the designated team in reviewing the case. This form requires the team to consider all actions delineated in 1-5 of provision (d). The completed form constitutes the written report of the team's findings and any improvement recommendations. This report is submitted to the Director and PCM. An interview with the facility Director and Regional Administrator confirmed that any reasonable recommendations made by the PREA Incident Review Team would be implemented. No procedural changes were recommended as a result of the incidents reviewed within the audit period. Interviews were conducted with (6) incident review team members and they were all knowledgeable about their responsibilities as a review team member and were able to explain the considerations discussed during the reviews.</p> <p>Based on the review and analysis of the evidence, the facility demonstrated compliance with all provisions of this standard. Additionally, Sexual Incident Reviews were completed immediately following the closure of the administrative investigation exceeding provision (b) of this standard.</p>

115.387	Data collection
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Evidence Reviewed: Policies 8.5 and 23.1; 23.1 Attachment K; PREA Annual Report - 2022; SSV Report 2022; DJJ Website Search; Information Obtained from Interviews.</p> <p>115.387(a)(b)(c)(d)(e)(f): Policy 23.1 establishes that the agency will collect accurate, uniform data for every allegation of sexual abuse at facilities and community residential programs under its control using a standardized Special Incident Report (SIR), following Policy 8.5, Special Incident Reporting. The SIR process includes, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence (SSV) conducted by the Department of Justice. The agency will maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews. The auditor was provided the most recent SSV requested by DOJ (2022) for review. An interview with the PREA Coordinator confirmed that the data is aggregated annually and published in an annual report. She further confirmed the SSV is completed and submitted to the DOJ as requested. The most recent Annual Report is for the 2022 reporting year and is consistent with all requirements of this standard. The yearly comparison report began in FY2013 and has been produced consistently since inception.</p> <p>Based on a review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

115.388	Data review for corrective action
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Evidence Reviewed: Policies 8.5 and 23.1; 2022 Annual Report; DJJ Website Search; Information Obtained from Interviews.</p> <p>115.388(a)(b): Policy 23.1 establishes that the Agency PREA Coordinator will review, analyze, and use all sexual abuse data, including incident-based and aggregated data, to assess and improve the effectiveness of the agency sexual abuse prevention, detection, and response policies, practices, and training and maintain a current link on the DJJ website to provide PREA information to the public. The auditor reviewed the 2022 Annual Reports and found they include a comparison of the current year's data and corrective actions with those from prior years. The yearly comparison report began in FY2013 and has continued consistently since inception. Specific information from all reports is redacted to prevent any threat to the safety and security of secure facilities, community residential programs, court service offices, and youth and staff. The PREA Annual Report contains no information concerning staff and youth personal identifiers. Additionally, the Annual Report provides an assessment of the agency's progress in addressing sexual abuse.</p> <p>115.388(c)(d): Policy 23.1 establishes the Agency PREA Coordinator will submit an Annual Report with redacted material to the Director of the Office of Investigations for publication approval for release on the DJJ PREA website. Before making aggregated sexual abuse data publicly available, the agency removes all personal identifiers. Interview with the PREA Coordinator and review of the 2022 Annual Report confirmed it was approved by the Agency Head prior to publishing.</p> <p>Additionally, a web search found the 2022 Annual Report published on the agency's public website.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

	Auditor Discussion
	<p>Evidence Reviewed: Policies 5.1; 23.1; DJJ Website; 2022 PREA Annual Report; 2022 SSV; Information Obtained During Interviews.</p> <p>115.389(a)(c)(d): Policy 23.1 establishes that the agency will maintain sexual abuse data collected under 115.387 for at least ten years after the date of its initial collection, following Policy 5.1, Records Management, unless federal, state, or local</p>

	<p>laws require a different retention schedule. In addition to the required ten years, the agency will maintain data on all staff, contractors, volunteers, and interns who committed sexual abuse or sexual harassment of youth for an additional five years after the staff, contractor, volunteer, and intern no longer work or are involved with the agency. According to the PREA Coordinator, all data collected is securely retained in the agency's computer database with restricted access. Paper files are stored securely locked filing cabinets in a secured room with limited access.</p> <p>115.389(b): The requirement for PREA compliance and data collection at the community sites began in 2023; therefore, no sexual abuse data collected from contracted facilities prior to 2023.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

115.401 Frequency and scope of audits	
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>Evidence Reviewed: DJJ Website Search; Observations During Site Visit; Information Obtained from Interviews.</p> <p>115.401(a)(b): The agency ensured that each facility operated by the agency or by a private organization on behalf of the agency was audited at least once. Also, one third of each facility type used by the agency was audited each year, to include community eligible contracted group homes. The last PREA Audit for this facility was conducted on March 8-9, 2021 with a final report date of July 28, 2021. Based on the projected schedule published in the 2021 Annual Report and interview with the PREA Coordinator, each facility will be audited at a rate of one-third per year during the current audit cycle.</p> <p>115.401(h): The Auditor was provided a complete tour of the facility and surrounding grounds and allowed access to all areas.</p> <p>115.401(m): A private office off the multi-purpose room was provided to the auditor for purpose of conducting interviews with resident youths. The room was comfortable and allowed the auditor to privately interview each individual.</p> <p>115.401(n): The Audit Notices, in both English and Spanish, were provided to the facility, as required. These notices were posted on November 11, 2023 per the auditor's instructions and photos of the postings were provided to the Auditor by email for verification of posting. The auditor further verified that the youth and staff interviewed were aware that the Audit Notices were posted timely and that they were able to correspond with the auditor confidentially. During an interview with the mail clerk and PCM, the Auditor confirmed that the youth can correspond with the</p>

	<p>auditor in the same manner as if they were communicating with legal counsel. No confidential information or correspondence was received.</p> <p>Based on the review and analysis of the evidence, the facility and agency have demonstrated compliance with all provisions of this standard.</p>

	Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	na
115.352 (d)	Exhaustion of administrative remedies	
	Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.)	na
	If the agency determines that the 90 day timeframe is insufficient to make an appropriate decision and claims an extension of time (the maximum allowable extension of time to respond is 70 days per 115.352(d)(3)) , does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)	na
	At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.)	na
115.352 (e)	Exhaustion of administrative remedies	

	Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)	na
	Are those third parties also permitted to file such requests on behalf of residents? (If a third party, other than a parent or legal guardian, files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.)	na
	If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.)	na
	Is a parent or legal guardian of a juvenile allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile? (N/A if agency is exempt from this standard.)	na
	If a parent or legal guardian of a juvenile files a grievance (or an appeal) on behalf of a juvenile regarding allegations of sexual abuse, is it the case that those grievances are not conditioned upon the juvenile agreeing to have the request filed on his or her behalf? (N/A if agency is exempt from this standard.)	na
115.352 (f)	Exhaustion of administrative remedies	
	Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.)	na

	After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)	na
	Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	na
	Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)	na
	Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)	na
115.352 (g)	Exhaustion of administrative remedies	
	If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.)	na
115.353 (a)	Resident access to outside confidential support services and legal representation

The review period is for prior audits completed during the past three years PRECEDING THIS AUDIT. The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or, in the case of single facility agencies, there has never been a Final Audit Report issued.)	yes
