DJJ Staff,

Please join with us as we observe this Veterans Day holiday with honors to the dedicated men and women who have stood their ground in this country's uniform and sworn to protect it from enemies, "both foreign and domestic". Few people we know have given more to this country than our veterans who have served in the United States Armed Forces in times of peace and in war. They have so often risked so much to overcome enemy conflicts for their fellow Americans and to secure the peace for our generations yet unborn.

You do not have to look far for these citizen soldiers. They work beside you every day at DJJ. They are Juvenile Corrections Officers and agency administrators-- They are DJJ investigators and I-T professionals-- You'll find them in our community programs, our support services and in Human Resources.

Our veterans bring their knowledge, their skills, and their unwavering commitment on the job with them. When they stand-down from military service, they stand up for the good of our communities. So once a year, at the 11th hour, on the 11th day, of the 11th month, we pause to honor the legacy of America's veterans in defense of liberty. Look closely and you will find the names of more than five hundred DJJ Team Members embedded in our Veterans Day graphic salute.

On this day, we should remember the names of their families as well. Because veterans' families share in this country's greatest national sacrifice and must help carry the hardships of military service. We salute all veterans families for the support they provide when their service members are away from home—and when they return.

Happy Veterans Day to those dedicated men and women who have shown so much love for our country. God bless our Veterans-- And may God continue to bless this wonderful country of ours.

"One Team - One Mission".
