Your contribution to the State Charitable Contributions Program, along with your coworkers, will help thousands of Georgians in every part of the state, as well as individuals in the US and other countries. The State Charitable Contributions Program strengthens communities by supporting health, welfare, educational and environmental programs. Contributions impact a wide range of problems and helps to improve the lives of countless individuals in need. Your gift will be working every day of the year, helping others to help themselves here in Georgia, the US and overseas. Thank you for your generosity.

WHY GIVE THROUGH SCCP?

Giving is **convenient** and it makes both an immediate and ongoing difference in the lives of others. Last year, employees of the State of Georgia and the University System pledged over \$1.4 million to SCCP charities.

It's your **choice!** Choose what causes to support and how to give. Use the secure online system or submit a paper pledge form.

Every dollar counts! Your ongoing support provides a healthy cash flow for the charities throughout the pledge year and promotes a sense of community.

Established in 1982, the SCCP has been the annual giving program for state employees for over 30 years. Join the tradition. *Give TODAY and help change TOMORROW.*

Life's most urgent and persistent question is: what are you doing for others?

Dr. Martin Luther King, Jr.

WHO ARE THE SCCP CHARITIES?

Independent charities and federations apply annually to participate in the SCCP. They cover a wide range of health, welfare, environmental and educational causes. Some are based locally while others are international. Each organization has passed a strict set of standards in order to become an approved charity.

Federation - an umbrella organization that represents a group of member charities.

Remember:

- Donations are tax-deductible.
- Charities send acknowledgements unless you choose to remain anonymous.
